WATER COMPANY RESTS ITS CASE

RUSSIAN WARSHIPS IN A BAD WAY

WATER COMPANY COMPLETES CASE IN UNITED STATES COURT.

W. J. Dingee Files An Interesting Affidavit—Woman Makes a Speech—Trial is Continued to Wednesday.

THIS MORNING BEFORE UNITED STATES CIRCUIT JUDGE GILBERT, THE CONTRA COSTA WATER COMPANY COMPLETED ITS CASE IN THE APPLICATION FOR A PRELIMINARY INJUNCTION RESTRAINING THE CITY OF OAKLAND FROM ENFORCING THE WATER RATE ORDINANCE RECENTLY ENACTED, WHICH IS DECLARED TO BE OPPRESSIVE AND CONFISCATORY IN CHARACTER.

THE MAIN POINT BROUGHT OUT BY THE EVIDENCE SUBMITTED BY THE WATER COMPANY WAS THAT THE ACTUAL OPERATING EXPENSES, INCLUDING TAXES, INTEREST AND CURRENT EXPENSES WAS $459.000, WHEREAS THE ORDINANCE PASSED BY THE COUNCIL IT IS CLAIMED WILL NET A SUM WHICH FALLS FAR SHORT OF THE ABOVE [illegible] COURT. IT IS ON THIS GROUND THAT THE COMPANY DECLARES THE ORDINANCE IS CONFISCATORY IN ITS OPERATION. THE CONTENTION OF THE ATTORNEYS FOR THE WATER COMPANY IS THAT THE ORDINANCE WILL NOT PRODUCE SIX PER CENT NET ON A VALUATION OF $4,700,000 ALLOWED BY THE COUNCIL BUT WILL LEAVE A SHORTAGE OF $34,000 IN THE TREASURY OF THE CORPORATION.

THE CITY WILL PRESENT ITS CASE ON WEDNESDAY NEXT.

When the water rate case was resumed this morning in San Francisco Attorney Heney said:

"We will now offer the affidavit of L. J. Le Conte, who is a civil engineer of repute. He made trips all the way from Alaska to Mexico examining rivers on the behalf of the Government. In 1886 the value placed on the Contra Costa Water Company plant for rate-fixing purposes was $2,640,000. This was an estimate of the probable cost of construction. He also estimates the cost of reconstruction at $2,200,000. Both of these estimates do not include the water rights or real estate owned by the company. His estimate of the market value of the property, while he was testifying during the water rate suit before Judge Hart was $6,456,336.62. This amount he said did not represent the value of the plant as a unit. The 'going' business value, franchise values and other values belonging to the Water Company as a whole.

VALUE OF STOCK.

Mr. Heney then read the affidavit of J. Bock, relative to the market values of the stock of the Contra Costa Water Company. This affidavit showed that, until the time the present City Council took office that the stock of the Company had never been offered for sale at less than $66.

WOMAN INTERRUPTS.

At this juncture of the proceedings a small sensation was sprung by a woman who had been in close attendance on the court since the opening of the case yesterday morning. She gave her name as Mrs. Jeannie D. Center, with her residence at 2116 Bush street, San Francisco.

After requesting permission to address the court, which request Mr Heney, although he displayed surprise, granted, the woman said.

"Your honor, yesterday you stated in open court that you wished all the light on the matter that you could get. I have information at my disposal which these gentlemen (indicating the attorneys for the Water Company are not in possession of. The statements just being read represent the technique of the workings of the stock exchange. The highest price at which the stock was held was $90. This is the figure at which the large stockholders held the stock. It was a reasonable figure. Since this trouble has begun the highest bid for the stock on the exchange was $35. As a matter of fact the stock has no present value."

JUDGE STOPS HER.

At this juncture Judge Gilbert interrupted the voluntary witness by stating that anything she might wish to convey to the court would better be put in the form of an affidavit.

WOMAN SPEAKS.

In an interview with a TRIBUNE reporter, Mrs. Center, who is a stately woman, and handsomely gowned and more than ordinarily prepossessing said:

"I am interested in the Contra Costa stock. Its fluctuations on the stock exchange are a matter of much interest to me. I have been interested in the stock for many months. I will follow what Judge Gilbert said and file an affidavit showing how the actions of the City Council of Oakland is ruining the price of the stock."

Mrs. Center left the court room immediately. She has been the most interested spectator at the trial.

AFFIDAVIT OF W. J. DINGEE.

Mr. Heney then read the affidavit of W. J. Dingee, which ran as follows:

"W. J. Dingee deposes and says that he is now and for five years last past has been a large stockholder in and for three years last past has been the president of the Contra Costa Water Company, and that, as such stockholder and president, he is familiar with the books and accounts of said corporation, and that he knows the amount of the existing bonded indebtedness of said complainant cor-

KNOX IS THE MAN.

He Will Succeed the Late Senator Quay in Congress.

PHILADELPHIA, June 9.—Attorney General Knox joined Henry C. Frick today here and consulted the Republican leaders regarding the proposition to make him Mr. Quay's successor in the United States Senate. This afternoon Mr. Knox and Mr. Frick went to Washington. It is understood they went to consult President Roosevelt as to the advisability of Mr. Knox resigning the Attorney Generalship to become Senator.

Should the President advise against such a course the belief prevails here that Mr. Knox will retain his Cabinet portfolio and that another man, Francis L. Robbins, will be the choice of the leaders.

Former Attorney-General Elkin, William Flynn and Leader Bigelow of Pittsburg were told of the agreement which had been reached by the Republican leaders, and all appeared to be satisfied. Elkin and Bigelow were told that Governor Pennypacker was willing to appoint any man who was selected by the Republican leaders.

Senator Penrose stated that no definite announcement would be made for a day or so.

WASHINGTON, June 9.—It is known here that Attorney-General Knox will accept the appointment of Senator to succeed Mr. Quay.

He will probably not resign as Attorney-General until Congress meets next December.

PHILADELPHIA, June 9.—Announcement was made by the Republican leaders this afternoon that Attorney-General Philander C. Knox had been agreed upon as the successor of Former Senator M. S. Quay.

RUMORS OF DEFEAT.

Report Says the Japanese Were Repulsed.

ST. PETERSBURG, June 9.—Special dispatches from Liao Chang report Chinese as bringing news that the Japanese on June 2 attacked Port Arthur by land and sea, but were repulsed with a loss of 3500 men and four vessels, which, judging from the description of them, were torpedo boats.

Other dispatches give rumors of a naval battle between two fleets in the gulf of Pe Chi Li and a definite report of a bombardment in Liao Tang gulf near Kinping, which may foreshadow a landing there for the purpose of cutting the railroad back of the Russian troops operating around Wafangian.

WILL SHOOT THE UNION MEN.

MOUNTED OFFICERS WILL NOT SPARE THE MINERS.

VICTOR, Colo., June 9.—A squad of mounted infantry men has gone out today in pursuit of about 55 union miners, said to be encamped in the Beaver Creek region, east of this city. The troops are ordered to shoot the men, when found, if they resist arrest.

LEITER IS DEAD.

Chicago Millionaire Passes Away at Bar Harbor.

BAR HARBOR, Me., June 9.—Levi Z. Leiter of Chicago died of heart failure today at the Vanderbilt cottage here, which the Leiters had taken for the season. Mr. Leiter had not been well for a long time, but up to yesterday he was able to take his usual drive. A weakness of the heart developed shortly after midnight and death occurred at 3:40 a. m. Mrs. Leiter and two daughters were by the bedside at the last.

Mr. Leiter was 70 years of age. He was the father of Lady Curzon of Kedleston, wife of the Viceroy of India; of Miss Daisy Leiter, whose beauty has been the subject of note in English court circles, and of Joseph W. Leiter, a speculator and investor.

As soon as it appeared that Mr. Leiter was seriously ill messages were sent to the son and today other members of the family were notified of the death. It was stated today at the Leiter cottage that pending the arrival of Joseph Leiter, the time of the funeral would not be settled. It had been decided that the service would be held in Washington, D. C. The Leiters are well known here. They have been among the summer residents for a number of years.

The drive taken yesterday by Mr. Leiter covered a distance of about twelve miles. Mrs. Leiter accompanied him and remarked on his good spirits. He spent the evening walking about the estate. The attack which seized him during the night was similar to others which he had experi-

(Continued on Page 2.)

RUSSIANS APPEAR TO BE CRIPPLED.

Ships at Port Arthur Are in No Condition to Fight the Japanese.

CHEE FOO, June 9, 1:30 p. m.—A Chinese formerly employed in the machine shops at Port Arthur, who arrived here today, says that only five of the nine largest Russian ships at Port Arthur are capable of going to sea, and that steam is kept up on but three of the five sound vessels.

All the guns from the damaged ships have been removed to the forts and the sailors from these ships have gone to the front with the troops.

The Russian warships, which formerly were painted black, are now painted gray as are the vessels of the Japanese fleet.

Russian torpedo boats leave the harbor occasionally for half an hour, but the larger warships cannot get through the entrance.

KEEP LABORERS.

The Russians are refusing permission of skilled workmen to leave Port Arthur but many are escaping. Little work is being done in the machine shops because of the confusion among the workmen each time firing is heard. One shell recently wrecked a machine shop building but did no damage to the machinery. Another shell wrecked the offices in the dock yard.

MINES LAID.

Three hundred and fifty mines have been laid in the roadstead and many others have been placed around the shops in the naval basin. Some of the latter were exploded last week by lightning but no damage was done.

CHINESE COMPLAIN.

The Chinese who have come out of Port Arthur complain of the treatment accorded them by the Russian soldiers, declaring they were maltreated if they did not supply the soldiers with money and liquor. Villages in the vicinity of Port Arthur are compelled to supply the soldiers with rice, and Russian horses are turned loose in their wheat fields, destroying the crops.

Japanese spies who entered Port Arthur last week distributed notices assuring the Chinese of liberal treatment in case the Japanese were victorious.

BANISH UNIONS.

Merchants Are Asked to Sign on the Subject.

CRIPPPLE CREEK, June 9.—The Citizens' Alliance determined at a meeting today that unionism must be banished from the Cripple Creek district forever.

Attorneys are preparing a document to be presented to all merchants, business men and other employers of labor for their signatures pledging them to not in the future employ any one connected with a labor union.

Three thousand men and women will be affected

WOUNDED OFFICERS TELL OF BATTLE.

TOKIO, June 9, Noon—Wounded officers who have returned to Japan from the Liao Tung peninsula, give interesting details of the battle of Nanshan Hill. After the first ineffectual attack on the hill the Japanese scouts discovered that there were mines at some spot at the foot of the hill. It was determined that they could only be definitely located by the sacrifice of some men. Hundreds volunteered to go to what appeared to be certain death. They led the second advance and found that heavy rains had

(Continued on Page 2.)

REIGN OF TERROR IS AT AN END.

Miners Are Rounded Up By the Soldiers—Story of the Battle Last Night.

CRIPPLE CREEK, June 9.—After a night of great excitement, due to the battle between troops and strikers at Dunnville, a small skirmishing on Big Bull Hill and the wrecking of the Victor Record office, matters have quieted down in this military district, and it is generally believed the worst is over.

DUNNVILLE BATTLE.

A question may arise over the Dunnville battle between authorities, as it was fought in Fremont county and Joan Charley, who was killed, was brought to Teller county. Dunnville is located 11 miles south of Victor, a short distance beyond the border of Teller county, which alone has been declared by the Governor to be in a state of insurrection and rebellion. Adjutant-General Sherman M. Bell's right to send troops out of the territory which is under martial law is disputed, but he claims authority to do this under a paragraph of the orders calling out the troops, which reads as follows:

MILITARY RULE.

"It having been made to appear to me by the Sheriff of Teller county, and by other officers of said county and citizens of said county, that there is within the county of Teller and adjacent thereto, a large number of persons working together and threatening to join forces in said Teller county, for the purpose of resisting the State of Colorado," etc.

It is considered remarkable that only one man was killed in the Dunnville battle.

CONTESTING FORCES.

The contesting forces were about 200 soldiers and deputies under personal command of General Bell and 65 miners who were secreted behind rocks and trees in the hills surrounding the new mining camp. The attacking party left its train and walked through a narrow

(Continued on Page 2.)

PISTOL NOT TRACED.

Pawnbroker Unable to Identify Nan Patterson.

NEW YORK, June 9.—In his investigation of the mysterious death of Caesar Young, the bookmaker and turfman who was fatally shot while riding in a cab with Mrs. Nan Patterson, Assistant District Attorney Rand today had a long conference with the widow of the dead man.

Mrs. Young who has been staying at New Rochelle since her husband's death, went to the District Attorney's office today accompanied by a woman friend and John J. Mullin, who was Young's business partner.

It was said by the police that they have positive evidence that the revolver with which Young was killed was bought from a pawn broker on Friday last, the day before the tragedy by a man accompanied by a woman.

It is understood that the pawn broker has seen Mrs. Patterson and has not identified her as the woman who was with the purchaser of the revolver.

If Tired, Restless, Nervous,

connecting wires, rendering the mines useless, and sustained no loss. The volunteers were nearly all killed in the subsequent ineffectual attack on the hill.

The Osaka men, from the right wing, while advancing through the water along the shore, encountered a body of Russians, also in the water. A fierce fight ensued. Both sides were waist deep in the sea. When the Russians finally retreated the water was literally crimson. Both sides lost heavily.

During the day the Russians used several war balloons well out of range. In the trenches, after they had been captured, were found many articles of clothing belonging to women and children, making it evident that the Russians intended their defenses to be permanent.

DENIES REPORT OF AN EXPLOSION.

ST. PETERSBURG, June 9.—The Admiralty authorizes a denial of the report published in Paris from Sebastopol that a serious explosion has occurred on board the Russian cruiser Smolensk.

WATER COMPANY COMPLETES CASE IN UNITED STATES COURT.

(Continued From Page 1.)

poration, and that, on the 31st of May, 1904, the existing bonded indebtedness of said complainant corporation was the sum of $4,600,000, and that, of said bonded indebtedness $1,500,000, according to affiant's own knowledge, and $2,000,000, according to affiant's best information and belief, making a total of $3,500,000 thereof is an indebtedness, the entire proceeds of which were expended exclusively upon the properties of said corporation which are needed and useful and are necessary in conducting the business of sa[redacted] supplying to the

[redacted]

and which are necessary in the conduct of its business in supplying water to said city of Oakland and its inhabitants at the sum or amount of seven-eights of $4,700,000, and did then and there agree unanimously that 6 per cent per annum was a reasonable rate of interest to allow said complainant corporation upon the present market value of its properties, which are so used as aforesaid, and did there unanimously agree, as affiant believes that any lower rate of interest on the actual true present value of its said properties would be unreasonable and unjust to said complainant corporation and would be confiscatory.

"WILLIAM J. DINGEE."

NO FIGURES.

While Mr. Heney was reading the affidavit he was interrupted by a number of questions by the counsel for the defendants. He said that the amount involved in the suit was $165,000.

Mayor Olney said that he had not figured the matter out himself.

"You really do not know anything about it, do you?" asked Mr. McEnerney.

The Mayor replied that he had not figured the matter out himself and did not desire to give any figures on the subject.

He then read the affidavit of Secretary McGary, who went into the number of ratepayers of the company and other facts touching the finances of the concern. In this it was stated that under the present rates the only dividends which had been paid by the company were from 1900 to 1903 at the rate of 3.28 per cent per annum. Since September 15 there had been no dividends declared and that even the credit of the company had been impaired by the "political sayings and demagogic utterances of Mayor Olney."

WATER ORDINANCE.

Mr. Heney then introduced in connection with Mr. McGary's affidavit the water ordinance passed by the Council for 1900, 1901, in which there was a reduction of the rates of 25 per cent. That was the ordinance which had occasioned the suit which was brought before Judge Hart, in which a judgment was handed down to the effect that the value of the Contra Costa Water Company plant was $7,000,000.

SCHUYLER'S AFFIDAVIT.

The next affidavit and the last to be ready was that of Engineer James D. Schuyler. He stated that in his opinion the entire value of the plant was in excess of the value of $7,000,000 placed on it by Superior Judge Hart. He states he used as a basis of estimating the value of the plant the probable cost of the original works.

Mr. Heney then appended an amendment to paragraph ten of the bill of complaint. The amendment stated that the operating expenses were $113,005. Estimated taxes on the basis of the present assessment would be $128,087. The amount of interest on the bonded indebtedness of $3,500,000 was $175,000 and the interest of $500,000 floating debt was $30,000. The total of the expenses, interest and otherwise, which the company had to pay out per annum was $446,092. This was $34,658 more than the revenue

which would be provided for by the ordinance recently passed by the City Council.

Judge Gilbert admitted the amendment and asked the attorneys for the city if they wished to make answer.

Attorney Davis responded that he did, and at the suggestion of the court, agreed to file one answer for all the defendants.

THE ASSESSMENT.

Garrett McEnerney, representing the water company, then called the attention of the court to the fact that the water company had not paid taxes on an assessed valuation of $,247,225 made by the county assessor. To a question as

[redacted]

... yet on man was hit so far as known. John Carley was in the timber and was slain by a steel bullet from the Krag-Jorgensen rifle of a man in the firing squad of Sergeant Baldwin.

The dirt and rocks around the feet of the invaders and the newspaper men who accompanied them, were spitted up as if a heavy hailstorm was in progress, but not a man was touched.

EXCELLENT TARGETS.

Bullets struck about Gen. Bell and literally sprinkled his boots with earth and broken rock, but he was cool and gave orders deliberately. He turned to a newspaper man who was standing a few feet away and shouted: "Cover up that white vest and take off that Panama."

These were excellent targets.

After seven minutes of hot work desultory firing was kept up for an hour. Finally the soldiers charged up the hillside and many of the ambushed men were then seen scampering away in all directions. About twenty prisoners were taken. Fourteen who are members of the miners' unions were brought to camp and imprisoned the others being released.

NO MORE TROOPS.

General Bell will not call for more troops, believing that the two companies now on duty, assisted by the sheriff's deputies, can cope with the small parties of miners scattered among the mountains. To queries on this point General Bell answered: "See how those men fought without cover and death singing about their ears." General Bell was informed that men wanted for participation in the rioting at Victor were at Dunnville and he made their raid for the purpose of capturing them.

ONE ARREST.

In the party that went to Dunnville was Charles M. MacNeill, manager of the United States Reduction and Refining Company, whose refusal to grant its millmen an eight-hour day caused the Cripple Creek miners' strike. MacNeill was armed with a magazine revolver, which he fired frequently, but apparently without hitting anybody. One of the wild chases in the general man hunt that the military is conducting ended in the capture of C. C. Fridley at the Thompson ranch. The three Fridley brothers, miners, had gone southward and as one of them was suspected of having fired the shot that killed Roxie McGee in the riot Monday at Victor, the military gave chase. C. C. Fridley at first refused to talk, but the soldiers placed a rope about his neck and he then told which way his brothers and another man had gone. Marshal H. A. Naylor then continued the pursuit to Canon City. C. C. Fridley was brought to Victor and placed in the bull pen.

The military commissioners appointed by General Bell continued today to investigate the records of the prisoners.

The understanding is that their work will result in the separation of the prisoners into two classes, those to be held on criminal charges and those to be deported.

EDITOR OF RECORD.

George R. Kyner, proprietor of the Victor Record, whose office and machinery were wrecked last night by a mob, said he would establish a new plant as soon as possible and resume publication of his newspaper. He estimates his loss at $8000. Though the Record has been the official organ of the Miners' Union since the strike began last August, it has vigorously denounced the assassinations which took place at Independence on Monday and has been outspoken in support of law, order and justice.

A grim reminder of the Independence tragedy was furnished at Victor today by joint funeral services over the remains of five of the victims.

CRUMBLING RUIN IS FORTUNE?

P. A. FINIGAN'S CASE IS BEFORE JUDGE OGDEN IN SUPERIOR COURT.

An echo of days spent at the Hotel Rafael in the good old summer time by Colonel P. A. Finigan and his daughters, Maud, Mary and Lillian Finigan was heard in Judge Ogden's court this morning at the trial of a suit brought by the young ladies against Attorneys George N. Williams and James P. Sweeney to recover from them a valuable corner lot in Berkeley at Haste and Ellsworth streets. The daughters state they deeded this land to Williams and Sweeney to secure them for a $500 fee they asked the Colonel for fighting a divorce case for him. The attorneys refuse to return the land upon a tender of the $500 claiming that they had taken the lot as a fee.

The Misses Finigan were in court today and all of them testified as to a conversation that took place in the rotunda of the swell San Rafael hostelry between themselves, the attorneys and their father in which it was explained that if they would sign a deed to the piece of property in question, the timidity of the attorneys as to getting pay for their services would be dispelled.

It was explained to them that this was security for the fee and in the course of a fifteen minute conversation they were convinced that this was an ordinary business transaction and when a notary came to the hotel the next day and had them sign the deed they imagined they were simply placing in pawn a relic of the once aspiring fortunes of their father.

Miss Maud Finigan was the first of the three girls to testify. She told how they met Attorneys Williams, Sweeney and their father as they came out of the hotel dining room and had been introduced to the two men. Colonel Finigan opened the conversation by stating to them that his attorneys were a little anxious about their fee and wanted some security and that if they would sign a deed to this piece of Berkeley property it would make them easy. "None of us understood the thing at first," said the witness "but Dad explained that it was all right and that he wished to satisfy the men that they would get their money. The conversation was short and as we never questioned what Dad said we supposed it would be all right." This conversation was substantiated by the other two sisters and their examination was at an end.

The explanation of their having to deed the property lay in the fact that the fortune of their father was a crumbling ruin and that he had deeded them certain lands and afterwards had been forced into insolvency. It was charged that the Colonel had transferred the property in order to defraud his creditors but after a trial and an appeal to the Supreme Court it was decided that there was nothing illegal in what had been done and that the children were entitled to what had been given them.

Then Emily A. Finigan began divorce proceedings against the Colonel and in order to raise attorney's fees had to get his daughters to secure the money with a deed. He claims that this deed was in the nature of a mortgage while the attorneys say they were given the land for a fee.

Expert testimony was put on to show that the land at that time was worth about $3200. The fee it is claimed was to be $250 for each attorney.

DRAW SHARP LINE ON POLYGAMY.

SALT LAKE CITY, June 9.—The Democratic State convention, called to select six delegates to the national convention, met in the Salt Lake Theater at 10:30 o'clock this morning. T. D. Johnson was named as temporary chairman. After his opening speech and the appointment of the usual committees the convention took a recess.

Overnight developments served to draw the lines more sharply on the fight over the polygamy question. Brigham H. Roberts, who was expelled from Congress for being a polygamist, is the leader of the faction demanding that the delegates to the national convention be explicitly instructed to oppose any insertion in the national platform of an anti-polygamy plank.

Other prominent Democrats, among them former Senators Rawlins and Cannon, Judge D. W. Powers and J. P. Moyle, oppose such action and believe that the Utah delegation should do nothing that might attract further attention to the polygamy question. An effort is being made to prevent the question from being brought up, but should it come before the convention a bitter debate is sure to ensue and both sides have prepared for it.

Prominent Hearst men declared today that a fight would be made for instructions for Hearst. The general sentiment seemed to be, however, that the State delegation would go uninstructed.

The polygamy question is entering into the contest over the election of a national committeeman. Judge O. W. Powers is being favored as a rule by those opposed to fighting any polygamy plank, while D. H. Peery, a prominent young mining man of Salt Lake, has the backing of the Brigham H. Roberts adherents as well as much of the younger element of the city.

Chairman Johnson, in his opening speech, made a strong plea for an uninstructed delegation.

The most significant action taken by the convention at the morning session was the failure to appoint a committee on resolutions. This indicates that no platform will be presented, and that the Roberts' plan to instruct the delegates to the national convention to fight against the insertion of an anti-polygamy plank in the platform, will be defeated.

"All the Democrats need this year to win," said Chairman Johnson, "is an anti-Roosevelt plank."

The convention took a recess until 2 p. m.

The choicest club whiskey is Jesse Moore "AA" and in club life it is in great demand.

Salinger's Demonstration Sale

We have since the inauguration of this sale fully demonstrated the following undeniable facts that the goods you buy here are thoroughly reliable and the prices are much less than other stores charge for the same class of merchandise. We herewith submit another evidence of our demonstrative policy in securing bargains.

This Time It Is a Bankrupt Stock

Consisting of high-grade Ladies' and Misses' SUITS, JACKETS, SKIRTS, WAISTS, KIMONAS, and CORSETS, purchased from a large and well-known manufacturer, whose unfortunate failure enables us to offer

Tremendous Values to Our Patrons

The prices quoted are from 25 to 50 per cent under the regular prices. WE POSITIVELY guarantee every item to be strictly reliable; under no circumstances do we place here any out of date goods. We look for and embrace opportunities of various kinds for merchandise from manufacturers and others who are pressed for cash. We purchase at prices bordering the ridiculous and give our Customers the benefit of the low prices that we secure through these deals. We would urge Customers to come at once, from the fact that we cannot duplicate any of these items after they are sold.

Note the Offering. A Few of the Many:

$4.95, worth $15.00 to $17.50.

32 suits in the Eton and Corsette Coat effect in black or navy, all-wool Ladies' Cloth; also all wool mixtures of tan, brown, or blue.. $4.95

$7.75 suits, worth up to $22.50.

In all about 60 suits. This embraces a large line of Scotch Mixtures, Etamines, Cheviots, Broadcloths and Homespuns. The variety consists of the very latest materials, and the styles are the newest $7.75

$11.25.

This lot consists of more than 50 suits, and there is not one of them worth less than $25.00 and most of them the regular $30.00 and $32.50 values. They come in a large range of materials, and hardly any two alike. The styles are Etons, Blouses, Hip Coat and Military Coat styles, lined with taffeta and satin.. .... $11.25

$2.50, worth $4.50 to $6.00.

35 Jackets in Covert, two shades of tan, black cheviot and black ladies' cloth; also blue and brown mixtures; all lined and well-tailored.. .... $2.50

$3.75.

Another line of Jackets, worth $7.50; come only in tan $3.75

95c, worth $3.00.

All wool Walking Skirts, come in blue, ladies' cloth and gray etamine cheviots.

Other Walking and Dress Skirts in various materials, black and colors, mixtures at .... $1.75, $2.95, $3.85 and for value any of them worth double our prices.

SILK SHIRT WAIST SUITS $9.85.

38 suits in all, none worth less than $15.00 and most of them worth $21.50, come in plain black and colors, pongee, taffeta, fancies and foulards. They are all the newest and latest designs and styles.. .... $9.85

95c.

THE HOUSE THAT SAVES YOU MONEY

LEITER IS DEAD.

(Continued From Page 1.)

enced and for which he kept remedies prescribed by his physician constantly on hand.

Mrs. Leiter did not consider the trouble serious and administered the usual medicine, but when the remedy failed to have the desired effect the daughters were summoned and a doctor was sent for.

Meanwhile, repeated doses of the restorative brought no response on the part of the patient and before the doctor arrived Mr. Leiter died.

CHICAGO, June 9.—Levi Z. Leiter was one of the most prominent of the pioneer merchants of Chicago. He began his career in this city in 1855 as an employe of the dry goods firm of Cooley, Wadsworth & Co., later becoming a partner in the firm.

In 1865 Leiter and Marshal Field bought the controlling interest in the dry goods business of Potter Palmer, the firm becoming one of the most prominent in the West. Leiter retired from the dry goods business in 1881, since which time he has devoted much of his time and attention to the improvement and management of his extensive business properties and corporation interests.

COLORADO'S HEAVY SNOWS.

LEADVILLE, June 9.—A heavy snowstorm began here at 5 o'clock this morning and at 9 o'clock there were four inches of snow on the ground.

INSTITUTE DESTROYED.

TROY, N. Y., June 9.—The Renssalaer Polytechnic Institute main building was totally destroyed by fire today. The loss will exceed $200,000.

Fight Will Be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvements came at once and four bottles entirely cured her." Guaranteed by Osgood Bros., druggists, Seventh and Broadway. Price, 50c and $1. Trial bottles free.

The choicest club whiskey is Jesse Moore "AA" and in club life it is in great demand.

PROBATE NOTICE.

In the Superior Court of the County of Alameda, State of California.

In the matter of the estate of James Kelly, deceased.

Notice of time set for proving will, etc.

Notice is hereby given that a petition for the probate of the will of James Kelly, deceased, and for the issuance to Eliza Provost of letters testamentary thereon has been filed in this Court, and that Monday, the 20th day of June, A. D. 1904, at 10 o'clock A. M. of said day, at the Court Room of Department No. 4 of said Court, at the Court House in the City of Oakland, in said County of Alameda, has been set for the hearing of said petition and proving said will, when and where any person interested may appear and contest the same.

Dated June 9th, 1904.

JOHN P. COOK, Clerk.
By Chas. A. Gale, Deputy Clerk.
H. A. LUTTRELL, 861 Broadway, Oakland Cal., Attorney for Petitioner.

OFFICERS DRUNK ON VESSEL.

Story of Disaster at Sea Told to the Inspectors.

SAN FRANCISCO, June 8.According to the evidence taken today before United States Inspectors Bolles and Bulger, for a night and most of a day before the Pacific Mail Steamer Colon went on the Remedios reef, off Acajutla, San Salvador, on April 11, her officers with the exception of the Captain, the chief officer and second officer were under the influence of liquor, celebrating the wedding of Chief Officer J. L. Wilson.

Captain William A. Irvine, in a written report, which was sworn to, accused Chief Engineer W. D. E. Sullivan with being intoxicated and having disobeyed his order regarding the speed of the engines, whereby the ship was sent ahead so fast as to be seven miles beyond his reckoning.

The Captain stated he ordered the engineer to make 47 revolutions but that 51 revolutions had been made. He did not believe the vessel was far off her course and when she struck he at first thought the shock was an earthquake. Third Officer Taylor in his testimony could not say to whom he gave the order for revolutions nor the exact number specified.

Chief Engineer Sullivan testified that the order was first given at San Jose to make 47 revolutions. The third officer gave an order for 54 revolutions a minute and as there was such a marked discrepancy he asked the Captain on the deck, who said, "in an off-hand way," fifty revolutions. He denied that he was under the influence of liquor at the time.

HAD A TALK WITH PRESIDENT.

WASHINGTON, June 8.—President Roosevelt and Sir Mortimer Durand, the British Ambassador, had a brief conference today. Primarily, the Ambassador called on the President to pay his respects on the eve of his departure for Lenox, Mass., where the British Embassy will be located this summer.

The Ambassador said he did not discuss the Perdicaris' abduction case with the President. He suggested that diplomacy rather than force usually is relied upon by the British government in the settlement of such cases.

DOES NOT SANCTION CHINESE LABOR.

SHANGHAI, June 8.—Sir Ernest Satow, the British minister at Pekin, has refused to sanction the proposed contract for the shipment of laborers from Northern China to work mines on the Rand, in South Africa. He is considering the contract in an amended form.

Nothing whatever is being done here regarding the matter of shipping these laborers.

FORMER OFFICER TAKES HIS LIFE.

SAN FRANCISCO, June 8.—Charles J. O'Connell, an artist and formerly a member of the San Francisco police force, cut his throat and was found dead in the bathroom at his home today. His family say he was deranged.

An all-over valenciennes gown is one of the summer extravagancies.

TOOK A DOSE OF POISON.

Unidentified Man Taken to Hospital in Dying Condition.

An unidentified man attempted suicide at the foot of Fifth avenue, in East Oakland, this afternoon about 2 o'clock and is lying in a dangerous condition at the Receiving Hospital. A passer-by saw the man lying with a beer bottle by his side and rang in for the police patrol. The stuff in the bottle was afterwards ascertained to be battery fluid.

The man is about thirty years of age, but when brought to the hospital he refused to give his name or state where he had been working. He wears a Forester's button on his coat, but everything that would tend in any way to identify him had been destroyed.

When asked how much of the fluid he had drank he said he thought about half a bottle. He said he did not want to get over it and asked the doctors to give him something that would quicken his death. After giving this much information about himself he was seized with a convulsion and relapsed into unconsciousness.

The fluid in the bottle is of a darkish green color and is supposed to contain corrosive sublimate.

The man is dressed in a suit of light gray goods with a stripe in it. He wore a straw hat turned up around the brim. He is smooth shaven, with the exception of a small moustache and has a number of gold teeth in the front part of his mouth. He said he had no home.

The man's name is Joseph Smith residing at 210 Second street.

PURSUE UNION MEN.

SOLDIERS ARE GIVEN ORDERS TO BREAK UP.

VICTOR, Colo., June 8.—Gen. Bell, military commander, dispatched a squad of soldiers by train this afternoon to Dunneville, a new camp opened by union men; about twenty miles south of this city in Fremont county.

The soldiers have orders, it is said, to break up the camp and arrest all union men found there.

DIVORCED PEOPLE ARE SHUT OUT.

ROCKPORT, Ill., June 8.—Ministers of the Swedish Free Church of America, in conference here today, voted to marry no divorced persons hereafter. Rev. A. C. Lofgren of Greeley, Colo., was elected president.

BOLD ROBBERY.

SAN FRANCISCO, June 8.—Two men, said to have been summoned by the scream of a woman, broke into the rear of a Pacific street saloon today and robbed John Bazinsky, the proprietor, of $360. The woman, Ray Langford, William Jerrett, John Gunske and Joseph Mays have been arrested for complicity in the robbery.

SAILORS RESCUED AT SEA.

They Had a Close Call From Being Drowned.

SAN FRANCISCO, June 8.—The vessel which yesterday made signals of distress off the Farallone Islands was the schooner Antelope from the Coquille river, Oregon.

She sprang a leak and her cargo of lumber shifted, compelling the crew to take to the rigging. She was towed into port today by the tug Sea Rover.

The men on the Antelope suffered severely before being rescued. For ten hours Mate Beck clung to the foremast and frantically signalled for help and the four other members of the crew vainly endeavored to save the little craft from going to the bottom.

When the cargo shifted, owing to the force of the wind, the rudder snapped and was carried away, soon to be followed with the smashing of the aft hatchway and the steering wheel.

The starboard bulwarks were submerged, the waves whipped the decks with a fury that rendered repairs impossible and Skipper Cuthrell ordered the lifeboat in readiness to be put to sea, but this was rendered unnecessary by the arrival of the Sea Rover.

STABBED RIVAL IN HEART.

PHILADELPHIA., June 8.—Mary Richardson, a young married woman, was today stabbed through the heart by May Richardson, her sister-in-law, during a quarrel in a real estate office. Jealousy was the cause.

EPPINGER'S CASE BEING HEARD.

SAN FRANCISCO, June 8.—During the trial of Jacob Eppinger today Francis E. Beck, manager of the International Banking corporation, testified that several banks had contributed to a fund for the prosecution of the accused.

The witness identified a check for $75,000 which had been paid to his bank by the Eppingers a few days before the failure, it representing value which had been doubtful in an Oregon warehouse. The insurance companies had made good the loss.

WANT TO RECOVER HIS BODY.

RELATIVES OF LEWIS ETZEL APPEAL TO THE GOVERNMENT.

WASHINGTON, June 8.—Secretary Hay today received a telegram from Miss Anna Etzel, in Denver, Colo., a sister of Lewis Etzel, the newspaper correspondent who was killed by Chinese soldiers off the coast of the Liao Tung peninsula, asking the secretary to endeavor to have his body recovered and returned to the United States for burial. The State Department has not heard so far officially of the killing of Etzel, a fact probably accounted for by the reported departure from Newchwang of Consul-General Miller for the scene of the killing. Therefore it has not been possible to make any representations on the subject to the Chinese government.

DENVER, June 8.—Miss Anna B. Etzel, sister of Lewis, correspondent of the London Daily Telegram, who was killed by Chinese soldiers, has appealed to President Roosevelt for his assistance in securing the shipment of the body from Newchwang to this city. A reply to her message was received from the President's secretary today saying that the matter had been referred to the Department of State.

PLACED GUARD AT BELGIAN LEGATION.

WASHINGTON, June 8.—American marines have landed in Africa. Admiral Chadwick this afternoon cabled the Navy Department from Tangier as follows:

"I have placed a guard at the Belgian legation, having been asked to do so by our consul-general here."

BROKE HIS NECK.

DIXON, June 8.—H. Engle, a prominent Northern Solano county farmer, was instantly killed this morning by falling from a load of hay. His neck was broken.

CLASH BETWEEN COUNSEL.

Water Company Wins First Important Point.

M'Enerney and Mayor Olney Have Sharp Dispute.

SAN FRANCISCO, June 8.—In the water-rate hearing this afternoon the following sensational debate took place:

Mr. Heney started to reply to Mayor Olney's remarks and stated that the only thing for the court was the existence of rules which would aid his conscience in determining the case. The Council should have fixed its rates under the constitution in February, but they did not do it until May 31st, which necessitated the filing of a hasty bill without sufficient time of a proper consideration of so improper a matter. This was coupled by a refusal on the part of the City Council to give affidavit to counsel for complainant. Counsel for the city her interrupted, denying the statement.

Mr. McEnerney rose and with some warmth stated: "Mr. Olney, is it not a fact that after adjournment, I asked you to give us your affidavit? Did I not ask you if you could not give all of them to give some of them?"

Mayor Olney—"I dont think you did." Mr. McNnerney said "Did I not send you a letter asking you if in the event you could not give us all of your affidavit to give us as much as you could?" The Mayor's answer was drowned in a little excitement. McEnerney said: "Well, I say you did." The Mayor said: "You may have done so, but that makes no difference." The excitement subsided and Mr. Heney continued his argument.

The decision of the court is considered important because it allows the company to make a showing in affidavits.

PEACE ONLY FOR SHORT TIME.

JIMINEZ AGAIN ON WARPATH AT SANTO DOMINGO.

WASHINGTON, June 8.—Within three days of Admiral Sigsbee's announcement that peace had been concluded in Santa Domingo another revolution has broken out in that country. Minister Powell cabled the State Department today from Port au Prince, Hayti, that the "British cruiser Indefatigable left that place yesterday, it having been reported that Gen. Jiminez had effected a landing at Macoris. Telegraph communication has been interrupted."

TWO VERDICTS.

What shall be said of me when all is done?
And I lie quiet in my dusty bed?
Of my long fight with Fate, alas! unwon,
What shall be said?

"Tears for the fallen; silence for the dead;
And be not righteous overmuch, my son!"
So the world's wisdom. But an angel read
This from on high: "He failed; and one by one
Delivered up the gates beleaguered.
Yea. But he struggled. He need never shun
What shall be said."

DEMOCRATS IN KENTUCKY.

LOUISVILLE, Kentucky, June 8.—When the Democratic State Convention was called to order here this afternoon a surprise was sprung in the announced withdrawal from the race for temporary chairman, of Hon. Benjamin, the "Anti-Machine" candidate. Although the Convention was called to elect delegates to the St. Louis Convention the feature was lost sight of in the bitter struggle for control of the State Central Committee. Governor Beckham and the administration forces have been supporting Lewis McQuown for chairman of the State Central Committee. United States Senators Blackburn and McCreery and Congressman Smith opposed the Governor and have been supporting Congressman J. N. Kehoe. The opposition played a strong card in announcing that Johnson, who is from Governor Beckham's home county, would be their candidate for temporary chairman. No sooner had this been given out than a number of Beckham supporters called on Johnson and after a conference with him returned and announced that Johnson would withdraw. Thus Beckham and his friends won the day.

Later State Chairman Young announced that the opposition to Governor Beckham had decided to put up Judge Frank Peake for temporary chairman. Young, in his address, bitterly arraigned Governor Beckham's administration and denounced the Governor's course in the present campaign as calculated to disrupt the party. He was alternately cheered and hissed.

Chairman Young appealed to the Bryan element by warning them that if the men supporting the administration should secure the control of the machinery the principles advocated by Bryan would be cast aside.

At the close of his speech, Chairman Young called for nominations for temporary chairman.

Congressman Ollie James secured the floor and placed in nomination Governor Beckham.

Senator Blackburn, in placing in nomination Judge J. N. Peake, spoke in favor of an uninstructed delegation. Mention of the names of Parker and McClellan brought only perfunctory applause. Senator Blackburn declared with much emphasis that he still believed the party was right in 1896 and 1900. He characterized the report that Bryan would bolt as an infamous lie and paid an eloquent tribute to the character of the Nebraskan.

Governor Beckham was declared the nominee for temporary chairman by a vote of 817 to 322.

DECIDES AGAINST THE ASSESSOR.

Judge Melvin today decided the suit of the county of Alameda against Assessor Dalton to recover $1000 fees against the Assessor. In his decision, the Judge said:

"This is a suit against the Assessor of this county for the sum of $2563.33 1-3, alleged to be the difference between the amount paid by the city of Oakland to said Assessor for the furnishing to said city of copies of the assessment rolls, and the actual cost of said work.

"The testimony shows that a Mr. Miller and twelve assistants worked for ten days in the preparation of the copies in question, but that they worked harder and for a greater number of hours each day than they were obliged to labor during the time in which they acted as deputies in the Assessor's office. Two of these gentlemen were paid for their services sums aggregating $53.35. The others, according to their testimony, either expected nothing from Mr. Miller or had put in no claim for compensation.

"The District Attorney's theory is that the actual cost of the work to the Assessor was $87.70, made up of the following items: Amount actually paid to Messrs. Wilson and Stoddard, $53.35; amount earned by Mr. Miller, $33.35; amount paid for bring books from City Hall, $1.00, and that the county is entitled to the difference between $2650 and $87.70 or $2562.30.

"It seems from all the evidence that a fair estimate of the value of their services, counting overtime, for the days during which they worked upon the city's rolls is $50 for each man, or an amount equal to the value of fifteen days of the ordinance service of these same men when working the usual number of hours per day for the Assessor. It makes no difference that these men had agreed to work for Mr. Miller, their fellow employe, for less money or for nothing or without any arrangement as to compensation. Whatever their relations with Mr. Miller might have been, which induced them to reduce or waive compensation when working for him, these relations would have no bearing upon their claim against the Assessor for the reasonable value of their labor. The thirteen men who prepared the rolls are therefore entitled to the sum of $650. This amount plus the charge for expressage of $2, is the actual cost of the work. From the foregoing it follows that plaintiff should have judgment for the difference between $2650 and $652, that is to say for the sum of $1999, together with the costs of suit and it is so ordered."

The effect of the decision is that any alleged contract entered into by Dalton with Miller to do the work was void. The men are entitled to compensation for the work they do; the difference between the cost and the amount collected from the city of Oakland belongs to the county.

BANKING BY MAIL

In many Eastern Cities is growing to large proportions with a tendency to increasing popularity.

The depositor encloses a check or postal order and pass-book in an envelope and sends them to the Bank through the mail. The pass-book is returned the same way. It saves the time of a busy man, and is perfectly safe.

This system prevails not only between distant cities, but between such near-by points as Oakland and Berkeley and San Francisco and even between different sections of the same city.

CHANNING HALL'S RECORD.

BRINGS HOME A CHAMPIONSHIP AND JUMPS CLOSE SECOND IN ANOTHER.

CHANNING HALL OF OAKLAND CHAMPION HIGH JUMPER WHO MADE A RECORD IN THE EASTERN GAMES

Channing Hall, the champion high-jumper of the ... [illegible] ... home with honors ... excellent ... Just before ... Hall left the ... of the ... the Oakland High School Athletic Association ... [illegible] ... feet 1? inches. In this event ... [illegible] ... six foot two jump ... [illegible]

Hall came in with a second in the United States ... jump championship ... jumping against the Yale high jumper Gray ... [illegible] ... mark. As it is the mark cleared is equal to a six foot jump and possibly without giving too much credit to the performance 6 feet ... inches would not be too great to allow on speculation. Hall made this record after two hours of competition with all the jumpers from different parts of the United States and brings great credit to the young athlete.

Hall won the United States junior championship in the morning of the same day when he made his jump against Gray. After three weary hours of hard work in competition Hall cleared the bar against all comers at 5 feet 11¼ inches, bringing home to the Oakland High School the championship and receiving upon his return to his native heath an ovation by his fellow students.

Hall is but 18 years of age and is the son of Judge S. P. Hall. Hall is in the junior class of the Oakland High School. He will graduate next year when he will enter the University of California. Hall is one of the most popular of the members of his class and is thoroughly liked by all who know him whether in school or outside.

SALE OF ART

NEW YORK, June ...—At a sale of the Gaillard collection, says a Herald dispatch from Paris, a large plate from the Faenza factory decorated with flowers on a blue and yellow background which belonged to the King of Hungary, Mathias Corvinus, who ruled prior to 1490, has been sold for $10,000. It was knocked down to an unknown buyer.

ROACH SAYS "COME AND SEE HIM."

WANTS SPORTS TO TAKE A LOOK AT THE BIG MINER MUNROE.

"Come out and see him. That's all I want you to do. That will be better than me telling you about him."

So says Mr. William Roche to every one who makes an inquiry concerning Munroe's chances with Jeff.

It must be conceded that nine out of ten visitors to the Munroe headquarters leave the miner's presence doing a deal of thinking. Their thinking cap is busy. They may have gone out to see a big slow fellow weighing over 200 pounds that would give but little evidence of being world's championship possibility, particularly when the possibility means the dethronement of one huge boilermaker that was now toiling away in Harbin Springs for the purpose of defending his championship on the 17th of June. They come away thinking that Munroe isn't so slow that he doesn't lack the ability to block, that he is more than able to get out of his own and his opponent's way. And then those nine out of every ten wend their way homewards with a serious view of Munroe's championship aspirations.

It must be admitted that the husky young miner from Butte needs to be taken seriously. The world's champion and his flock of trainers and retainers up in Lake county view him the way for with all that Jeff has still ... his ability to knock that fellow's block off in a couple of rounds he is working as he never worked before. Perhaps Jeff recognizes that the man he will face in the Mechanics' Pavilion next week will not be the inexperienced novice whose sole desire was to earn the 50 per cent of the Butte house two years ago.

It is a difficult task to attempt to compare the fights Jeffries and Munroe made against Tom Sharkey. The contests the two had with the sailor were separated by a period of over four years time. Many have it that the drubbing Jeffries gave Sharkey prepared the way for defeat by any second class pugilist who would take the mariner on. This may be so, but let us go back to the fights the two had with Hank Griffin. Strange to say both the two big fighters that are so prominently in the lime light today faced the clever negro boxer when they were novices—Jeffries more than eight years back and Munroe three years back. Each of the two fought a draw with Griffin when the latter was at his best, Jeffries making it one of fifteen rounds and Munroe going to twenty rounds. Two men in San Francisco today will tell you that Munroe the novice made a better showing against the seasoned Griffin than Jeffries the novice. Those two men are Spider Kelly and George Harting.

Today Jeffries is the champion of the world. Opposing him is a man who may be said to be just out of the novice class. But when Munroe shies his castor into the ring on the 17th can he claim just as much experience as Jeffries possessed the night he stacked up against Fitzsimmons at Coney Island exactly five years ago today. Munroe has defeated in quick succession recently Maher, Sharkey and Al Limerick, the first two of whom it's said have passed into the sere and yellow. When Jeff squared off before Lanky Bob and appropriated his championship he had listed among his victims Goddard, Peter Jackson, Pete Everett and several others who had long before ceased to be or never had been, with the exception of Ruhlin. Over the first named Jeff had a close decision and with the latter a draw. So taking the two at the time when each aspired for championship honors there is not so much to choose. But with all the comparisons in the world Jeffries will be found a faster, cleverer man than he was when he won the toga from Fitz and on form should prove a victor over the Montana miner. But the latter has done all that has been asked of him to date and many a person who leaves his training quarters wonders if it is in him to keep up the stride that has brought him where he is and land him on top.

FIGHT NOT TO BE POSTPONED.

CHAMPION IS DOING THE WORK OF HIS LIFE FOR COMING CONTEST.

HARBIN SPRINGS, June 9.—Jeffries does not want the fight postponed. What his feelings ... when Dick Adams, his personal friend, was here ... they have ... because he is ... [illegible] ... A week ago Jeff found it ... hard to make the weight but ... [illegible] ... the present time Jeff is ready ... the only ... is cut ... too much to suit Delaney. Jeff's hobby is to ... heavy ... hills. He came ... last night ... [illegible] ... when Jim Corbett was training in Carson. Jeff has more strength than Corbett ... It was thought ... a lesson when training for Ruhlin. At that time he weighed ... pounds. ... [illegible] ... Delaney wants is to see Jeffries fast and strong. He would like to have Jeff leave here next Monday ... Jim will ...

Jeffries boxed yesterday and made things lively for his brother Jack and Kennedy. The bout came off in private and only newspaper men saw the eight fast rounds. ... Kennedy took his medicine ... Jack Jeffries ... Kennedy landed some punches that made Jeff wince. Jim retaliated ... Kennedy was very tired at the finish. Kennedy now suffers from a sore ... hand.

This may be Jeff's last fight. He has given a promise to his wife that he will ... fight the negro ... and this seems to be no ... of giving him a battle but Munroe. Jeff is getting ... able as the day of battle ... He plays no more hand ball ... He has a good opinion of Munroe and will take no chances of losing. He is training for this battle harder than for any fight he has had. His condition is excellent and if he does not ... spectators at the fight will see some fast going.

EXCITING GAME OF BILLIARDS.

NEW YORK, June 9.—Never perhaps in the annals of Balk-line billiards has there been such an exciting scene as that witnessed in the match between Maurice Cure and Jacob Schaefer in the Nouveau Acquire, says a dispatch to the Herald from Paris.

The French expert ... second inning ran ... points, thus beating by more than a half century the record of 200 made by George Sutton when playing against Vignaux in the tournament of 1903. When after scoring 275 Cure failed ... out of B B there was a gasp of disappointment from his friends, followed by cheering which lasted for some minutes. The unfinished ... and one half minutes.

ELKS CIRCUS WILL BE A LARGE AFFAIR.

VAN BRITTON.

FRANK AYERS.

CHARLES LEARN.

Next Tuesday, June 14th, the local Lodge of Elks will present the old-time one ring circus to the edification of the entertainment going public. The affair will take the form of an old-time one ring circus and the Macdonough Theater will undoubtedly be crowded if the advance sale of tickets is any criterion.

The well-known Elks quartet will present close harmony and have prepared for this night an exceptional program. The snakes have already been received from darkest Africa and though not trained will furnish one of the most lively cards on the program. These snakes comprise the various varieties of poisonous vipers imported direct from the jungles.

The side show which will be run in conjunction with the main circus will supply one of the most furious and fast laughing exercises that has ever been presented in Oakland either by professional or amateur talent. The Elks have made it a particular point to procure engagements and pay for the tallest man in the world who will be on exhibition as well as the fat lady who registers her avoirdupois high up on the ... scales.

The original feat of the bareback riders also from the Elks will present one of the most original attractions that could be desired.

George Walker, who struggles with English through the Chinese alphabet and who has made a hit on the local stage, has a new and original combination worth seeing.

Among the clever amateur actors who will be seen in the performance are Dr. Tisdale, who will be ringmaster general; Clay Hawbaker in a stunt called his Pet Effort; Charles Heeseman in his unattached mid air exhibition; Dave McLaughlin, Pete Sloan, Dr. Harry Travers, Cal Ewing and judges and Senators galore.

The Elks in this entertainment have prepared a program that cannot be excelled and possibly has not been equaled among amateur thespians.

MISCALLED "HAIR TONICS"

Most Hair Preparations Are Merely Scalp Irritants, of No Value

Most hair preparations are merely scalp irritants, miscalled hair tonics. When hair is brittle, lusterless and begins to fall out, the dandruff germ is getting in its deadly work at the root, sapping the vitality. Since science discovered that dandruff is a germ disease there has been only one preparation put on the market that will actually destroy the dandruff germ, and that is Newbro's Herpicide. It quickly reduces scalp fever, destroys the germ, and the falling hair stops and hair grows luxuriantly. Ask your druggist for Herpicide. It allays itching instantly and permits the hair to grow. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Bowman & Co., Special Agents.

For over
30 years

Bowman's Drugstore

has held the confidence of the people of Oakland, and been recommended by the best physicians

SENATOR PERKINS IS THE WIDOW'S FRIEND.

Declares He Favors Reappointment of Mrs. Emma Hapgood—Bard Stands for Rival Faction's.

SAN FRANCISCO, June 9.—"There will be no change in the Postoffice at Marysville until Congress meets at any rate, said Senator Perkins yesterday.

It appears that the Postoffice at Marysville is a bone of contention between the two factions in the Republican party in Yuba county. On one side is Colonel E. A. Forbes and his law partner, Wallace Dinsmore, who control the County Central Committee and who have indorsed John P. Swift for the Postmastership. On the other side is F. W. Johnson, publisher of the Appeal, who is a nephew of the Postmistress, Mrs. Emma Hapgood.

GRATITUDE RULES.

Johnson naturally wants his aunt retained, and he is likely to have his wish gratified. But he will not be the cause of her retention, which Senator Perkins ascribes to other considerations, the chief of which is that the Senator prides himself on his lively sense of gratitude, which he defines as an "appreciation of favors received in the past and not of favors to be received in the future."

It appears that Mrs. Hapgood was a relative of the late W. H. Parks, who long ago was a very warm personal friend of Senator Perkins, and who, presumably, did him some favor which the Senator still remembers gratefully though it was performed in the long ago.

WIL BACK MRS. HAPGOOD.

"In a Congressional District in which the Congressman is of the same political faith as the Administration," said the Senator, "he makes the appointments to the Postoffices, and the Senate usually confirms them unless they are manifestly unfit and improper.

"I knew Mr. Parks years ago, and as I am always grateful for favors received, and not for those contemplated, I was glad to please his widow by securing the appointment of her sister, Mrs. Hapgood, as Postmistress. She has administered the office very well, and an inspector sent there by the Government to investigate has so reported. She needs the money to support herself and some dependent relatives and a number of the leading citizens of Marysville have asked that she be retained. And although her term expired some time ago, she has held on, and certainly will continue to hold on until Congress meets next winter, if not longer.

INDORSE THE POSTMISTRESS.

"Who have indorsed her? Why there are Rideout, and Jewett, and Ellis, well-known and responsible citizens, and a number of business men of Marysville, and the County Committee itself is not unanimous in its indorsement of Mr. Swift.

"I suppose Senator Bard may be for Mr. Swift," continued Mr. Perkins, and "probably his backers want to saddle the appointment of Mrs. Hapgood on me. Well, I am willing to be held responsible for it. Senator Bard tried to get Mr. Cutter appointer Surveyor of the Port. Cutter is for Swift, as are Forbes and Dinsmore—he is the latter's son-in-law, you know. So I suppose the Senator Bard is for Swift, too."

Senator Perkins then went on to exlain that as Mrs. Hapgood had done so well, and as so many persons wanted her retained as Postmistress, he saw no reason to make a change. He had got her the place five years ago, and he would do what he could to keep her there the rest of her present term, something over three years yet.

PERKINS AND OXNARD.

It may be interesting in this connection, as showing how the Senatorial wind blows, to add that Senator Perkins has been taking Candidate Oxnard around and showing him how to do politics.

It is said the Senator has found his would-be fellow-Senator a very apt pupil, and that the Oxnard campaign is to be run on the Perkins system from manager down, which certainly ought to make it a success.

PERSONAL AND SOCIAL.

MRS. SARA REAMER PRESIDES AT THE OAKLAND CLUB.

The bevy of bright women, members of the Oakland Club entertained yesterday at the largest and most enjoyable luncheon of the month given at the new quarters in Maple Hall. Mrs. Sara Reamer was toastmistress and presided with her usual grace.

Mrs. Bunnell gave a brief talk on "The Vacation Schools" and Miss Ethel Moore and Dr. Shuey gave brief and instructive discourses on the importance of a pure milk supply.

Mrs. C. W. Kinsey was present and delivered a gracious greeting from Ebell Mrs. David A. Spencer of the Hill Club, Mrs. Julia S. Sanborn, Miss Meserole and Mrs. Pillsbury contributed clever little speeches. Miss Murphy, the bright young journalist was a guest yesterday and told a few clever Irish character stories.

Miss Grieve played an exquisite Liszt rhapsodie and Miss Stanwood contributed several songs to the musical program.

The young ladies who served the members and their guests at luncheon were: Miss Flint, Miss Collum, Mrs. Shinn, Miss Oliphant, Miss Rust, Mrs. Ashcom and Miss Bassworth.

Among the hundred or more guests were Mrs. H. B. Mehrmann, Mrs. Wooley, Mrs. W. W. Kergan, Mrs. George Humphrey, Mrs. M. L. Bassford, Mrs. Oscar Luning, Mrs. W. W. Standeford, Mrs. I. A. Beretta, Mrs. H. L. Whitehead, Mrs. Henry Bull, Mrs. Charles Egbert, Mrs. F. T. Henry, Mrs. Debney, Mrs. Collum, Mrs. Mary Tracy Mott, Mrs. William H. Layson of the Century Club, Miss Moore of the Woman's Educational Council of London, Mrs. Ralph Cole, Mrs. C. S. Chamberlain.

WEDDING CARDS.

Cards are out for the wedding of Miss Florence Hatch and Asa Vertner Mendenhall to take place at the home of the bride's parents, Mr. and Mrs. Charles Edwin Hatch, on June 22.

The wedding will be one of the most interesting of the year on account of the prominence of the groom-elect and his charming fiancee. Mrs. George Humphreys will be matron of honor.

A PRETTY LUNCHEON.

Miss Pansy Perkins was guest of honor at a delightful luncheon given yesterday by Miss Cornelia Stratton. Miss Perkins has just returned from an enjoyable stay in Washington, D. C. with her father, Senator George C. Perkins and the re-union was very pleasant for the young friends.

The table decorations were yellow and white and shaded candelabra threw a pretty glow over the scene.

Those who enjoyed the luncheon were Miss Pansy Perkins Miss Noelle De Golia, Miss Marion Walsh, Miss Ruth Salinger, Miss Florence Zeigenfuss, Miss Leslie Wight, Miss Bonnie Downing and Miss Cornelia Stratton, the hostess.

COMING WEDDING.

The wedding of Miss Ethel Hornick and William Wallace Walker will take place June 28 in Sioux City, Iowa. Miss Hornick is the daughter of Mrs. Nora Hornick and has earned fame on the Eastern stage. The honeymoon will be spent in Paris and in Holland after an elaborate wedding at the home of the bride's uncle in Sioux City.

ST. MARY'S SCHOOL PICNIC.

The children of St. Mary's Sunday School will enjoy their annual outing in the hills near Trestle Glenn, Saturday, June 11. The children will be accompanied by their teachers and will start from St. Mary's Hall at 8:30 Saturday morning. It is hoped that every child will be in attendance and the parents of the children are also cordially invited.

ENGAGEMENT ANNOUNCED.

The engagement of Miss Agnes Stecker, daughter of Mr. and Mrs. A. Stecker of 571 Twenty-fourth street, to F. Habelt was announced recently at a birthday party given at the home of the bride-to-be. Miss Stecker is a pretty and attractive young lady and has a host of friends in musical circles. Her fiance is also a musician of ability, being a prominent member of the Turners and Entract Singing Club. No date has been set for the wedding.

A FAREWELL.

A complimentary farewell will be given to Mrs. Bishop Parker, Miss Parkenson, Miss Anna Stone and others who sail on Saturday, June 11 for India and China. The reception will be held at the Central M. E. Church on Mission street near Sixth, San Francisco, on Friday afternoon, June 10. All persons interested are invited to attend

MISS SUTTON ENTERTAINS.

Mrs. Charles Sutton and Miss Carmen Sutton entertained a number of friends yesterday at a luncheon given at their home on Poplar street. Wild oats decorated the table and unique clam shells were used for place cards. The guests were all members of the merry party which has just enjoyed an outing at Inverness and included Miss Letitia Barry, Miss Jessie Craig, Miss Irene Bangs, Miss Bessie Havens, Miss Lillian Reed, Miss Evelyn Craig, Miss Ann McElrath, Miss Clarisse Lohse, Miss Effie Wade, Mrs. Sutton and Miss Carmen Sutton and the additional guests were Miss Isabelle Kendall, Miss Myrtle Sims, Miss Marion Walsh, Miss Edna Wilde, Miss Cornelia Stratton and Miss Noelle de Golia.

Lotto completed the afternoon's enjoyment and additional guests were included, the prizes being carried off by Miss Isabelle Kendall, Miss Bessie Havens, Miss Clarisse Lohse and Miss Evelyn Craig.

VENNING-WRIGHT.

S. Bruce Wright, principal of the Porter School in Alameda and Miss Gertrude Venning were married recently at the home of the bride's mother, Mrs. J. H. Venning in Los Angeles. Mr. and Mrs. Wright will be at home to their friends after July 1 at their residence, 2169 San Jose avenue.

PERSONALS.

H. F. Deaner was in Sonora recently on a business trip.

Mr. and Mrs. Q. A. Chase are planning a trip to Eastport on the coast of Maine where Mr. Chase has relatives.

Mr. and Mrs. Ben Woolner and Mr. and Mrs. E. J. Ellis have taken a cottage in Haywards for the summer.

Miss Ella Moffitt and her father returned yesterday morning after a very pleasant visit to the East and the World's Fair.

Mr. and Mrs. Leslie Blackburn will leave in a few days for Byron Springs.

A Matter of Health

Modern scientific medicine recognizes (1) that disease is most frequently transmitted by dust and dirt, (2) that the ideal method of getting rid of disease germs is by removing them (asepsis) rather than trying to kill them (antisepsis). Fumigations attempt to destroy; the compressed air removes. The simplicity and efficiency of the method will recommend it not only for household purposes, but also where cleaning is necessary as a sanitary measure.

TAFT & PENNOYER

Dainty White Collars at Less Than Half

Dozens of patterns, dainty materials, prices so low as to be almost ridiculous—that's the story of this week's neckwear sale.

Turn-over collars of white lawn, hemstitched, embroidered, or showing elaborate designs in Spanish drawn work—
Reduced from 20c and 30c to 10c each

Silk chiffon turn-over collars, embroidered in rich Persian patterns—
Reduced from 25c to 10c each

Embroidered turn-over tab collars—patterns unusually beautiful—
Reduced from 30c to 15c each

Summer Hats That Please Both Eye and Purse

Sharp reductions on every hat, from simple tailored styles to elaborate Paris pattern, have kept the millinery department as busy as it was Easter week. Small wonder, when you consider that style and beauty go hand in hand with prices that are surprisingly low.

Note:

Turbans of black or brown straw, trimmed with velvet, quills and gold braid and tassels—
Reduced from $3.75 to $2.25

French Sailors with wide mixed straw brim and white split Milan crown, trimmed with blue satin liberty and braid buckles—
Reduced from $5.00 to $3.25

Afternoon Hats with rolling brim and dip back—variegated plaid braid, trimmed with velvet ribbon, cut steel ornaments and quills—
Reduced from $7.00 to $4.00

Waists—Variety Wide—Designs Beautiful—Prices Low

No department offers the June shopper more opportunities than that devoted to waists. Those we describe below are merely representative of hundreds of others equally attractive in design and price.

At 75c—Waist of white brocaded cheviot figured in black—front pleated—stock, collar and cuffs and front band double stitched.

At $1.00—Dainty white waist of lawn—back shows four wide tucks—fine tucks form a yoke over the shoulders, and the front is cluster tucked—collar and cuffs are fagotted.

At $1.25—Waist of gray chambray with fancy white, red and black stripe—front tucked, fancy stock stitched and trimmed with white pearl buttons.

At $1.45—White lawn waist—band of lace down front joined to side pleats with feather stitching—back tucked—collar and cuffs feather stitched.

At $2.00—Waist of white English madras, striped in colors—stock trimmed with stitched band of pique and large pearl buttons—hand-tailored throughout.

At $2.25—Very elaborate and beautiful dress waist of white lawn—entire front of embroidery, edged with clusters of very fine tucks—back tucked in clusters—sleeves, cuffs and fancy stock finely tucked.

SCHOOL ELECTION IS SETTLED.

COYNE SUPPORTERS ARE ROUTED BY OPPONENTS—NO MORE DISSENSION.

The political fight which has been going on among the young politicians of the Oakland High School has at last come to a head and the rebels have been signally defeated. It will be remembered by those connected with and interested in the High School political situation that some time ago an election was held by the members of the school to elect officers and delegates for the ensuing school year. At this time the head of the school party was Rossiter Mikel, who had led his ranks to victory. Then the defeated party called together their constituents and held a meeting, at which the legally elected members were not participants, and thus made two warring factions in the political ranks. There was considerable bad blood felt at the time for the rebellious attitude taken by the defeated party, as according to the constitution and by-laws of the school they had no venable stand

Last night came the climax when, after thoroughly consulting the legal status of the affair, the school party held a legal election and elected the full ticket

The officers elected are: President Channing Hall; vice-president, R. Countryman; secretary, H. Sites; financial secretary, L. Dozier, treasurer, H. Walker; delegate to the A. A. L., Rossiter Mikel, delegates to the B. C. C., I. Roberts and R. Mikel.

The election last night marks the final defeat of the Coyne party, which created the dissension in the last previous election.

REPORT OF THE PACIFIC PRESS.

The question of moving the plant of the Pacific Press to Mountain View occupied much of the time of the Seventh Day Adventist stockholders' meeting yesterday. The manager reported that all of the brick work has already been finished and the building will soon be under cover.

The citizens of Mountain View have donated to the Pacific Press the five acres of land on which to establish the printing plant. This land fronts on the Southern Pacific Railroad and is not far from the station. The citizens have also put in a switch and side-track for the Pacific Press so that material may be loaded and unloaded from the cars without hauling by team. The citizens will also donate the lot on which to build the Seventh Day Advent Church.

The counter check book business formerly carried on by the Pacific Press, has been sold for cash to the Pacific Manifolding Book Company, now established in Oakland on the corner of Second and Oak streets. The sale of this business furnishes the capital with which to erect the new factory at Mountain View.

It has been definitely decided that the Pacific Press will reorganize. Instead of being a stockholders' organization, the management of the institution will hereafter be thrown more fully into the hands of the Seventh Day Adventist denomination residing within its territory. The volume of business transacted last year was $351,008.55; this year, $416,978.04. The net gain of the institution since it began twenty-nine years ago has been $162,582.40. During this time the institution has donated to purely missionary enterprises about $36,000. It will thus be seen that the institution is primarily a missionary one. During the past year the interest bearing debt was reduced over $12,000

The institution has carried on an evening school for apprentices during the entire year, Professor Hinchey having charge of the school, the tuition being free to all apprentices.

The committee on nominations consisted of the following persons: A. S. Kellogg, L. M. Bowen, G. W. Mills, E. G. Fulton and W. N. Glenn.

The Board of Directors elected are as follows, W. C. Knox, C. H. Jones, E. A. Chapman, M. C. Wilcox, H. H. Hall, W. B. White and A. S. Kellogg.

The entire day was devoted to the Pacific Press proceedings.

DOMINICANS STOP FIGHTING.

WASHINGTON, June 9.—The Navy Department today received a telegram from Admiral Sigsbee, dated Monte Christi last night, in which he says:

"Custom House here will begin the transaction of business June 9. All ports of San Domingo now open to commerce. Revolution now ended."

AMERICAN YEOMEN.

The Brotherhood of American Yeomen will have a social meeting Tuesday evening, when the reports of the delegates from San Jose will be read. Visitors are invited.

"HUMAN BRUTE" SAYS JUDGE.

SKINNER IS CONFINED TO THINK OVER ASSAULT ON HIS WIFE.

A. E. Skinner, the brutal husband who beat his wife into insensibility and so badly injured his mother-in-law, that for a time it was feared she could not recover, will now have time to repent his inhuman conduct in the city prison. He was sentenced to 125 days in jail for his crime and in passing sentence this morning Police Judge Samuels gave the prisoner a grilling that he will not soon forget. The only reason that the full penalty of the law was not meted out to Skinner was because of the fact that as long as he is confined in prison his wife and family will be without support.

Skinner pleaded guilty to the charge of assault against him and gave as his excuse the fact that he was intoxicated and did not know what he was doing. His wife, Mrs. Mary Skinner, was then placed on the stand and she said she was entertaining some friends at her house when her husband came home in an intoxicated condition. As soon as the guests had gone she said her husband began to abuse her and finally struck her a stunning blow, knocked her against the door and cut her head so badly with his fist that she lost consciousness. When Mrs. Skinner's mother interfered the infuriated man turned on her and used a club to assist him in venting his brutal passion.

In passing sentence, Judge Samuels said:

"A man who can't drink a glass of beer without becoming a brute has no right to touch liquor at all. The fact that you say you were so dazed that you did not know what you were doing is proof that you were nothing more than a human brute when you committed this assault. Were it not for the fact that during the time while you are in jail your family will be without support, I would impose upon you the full penalty of the law. However, I will see that you are incarcerated in the city prison for a time long enough to make an impression on you that you will not soon forget."

The court then imposed the sentence of 125 days' imprisonment.

SAILING UNDER DIFFICULTIES.

CHICAGO, June 9.—Into the almost deserted Chicago River has sailed a forlorn appearing craft, the Chill of Buffalo, with a cargo of coal. On the bridge stood a captain, M. E. Drake, the owner, who has not sailed a vessel for thirty years. At the wheel in the old cabin were officers, many of whom likewise were strangers to the sailor's life.

Twice the steamer had gone aground, once at the Bois Blanc Island and once in Lake Huron. The incident was eloquent of the condition of the lake commerce wrought by the strike of the Masters and Pilots' Association.

PREACHER GETS A CALL.

CHICAGO, June 9.—The Chronicle today says: Dr. Cleland B. McAfee pastor of the Forty-first Presbyterian Church, has accepted a call to become the pastor of the Lafayette Park Church at Brooklyn at a salary of $10,000. The offer was made some time ago and its acceptance has just been announced.

Dr. McAfee came to Chicago about two years ago from Parkville, a fashionable suburb of Kansas City, where he was a professor in mental and moral science in Park College. He was 39 years old and was graduated from Park College in 1884.

SULTAN GRANTS PIECEMEAL.

GRANTS CONDITIONS ONE BY ONE TO KEEP MOORS UNDER CONTROL.

TANGIER, Morocco, June 9.—The American Consul has sent two unarmed marines to the residence of Countess De Buissera, formerly a Miss Sory of New York, wife of the Belgian Minister. The Countess is living in an isolated house and as the Count, her husband, is at Fez, the marines were sent to her home as a precautionary measure. These are the only American marines landed here.

The Sultan's troops at Tangier have received orders to proceed to Fez. Thus another of Fraissouli's conditions have been granted. The Sultan apparently is granting the bandit chief's demands piecemeal, so as not to unduly excite the Moors or emphasize his humiliating position.

Letters received from Perdicaris, the kidnaped American, say he is suffering from sickness and a doctor of the United States cruiser Baltimore is under orders to proceed to see him. Negotiations for a safe conduct are proceeding.

The negotiations for the release of the captives are progressing slowly.

CLOCK WAS LATE.

CHICAGO, June 9.—An alarm clock has given the signal for Nora Colloway, a 20-year-old working girl to jump into the lake in an effort to end a life of misery.

The girl had set the clock for the exact moment when she thought Allan Johnson, whom she loved was to marry another.

Taking the clock with her she walked out to the pier and waited. She had written a farewell note to her sister and was prepared to die. Finally the alarm sounded and the young woman leaped into the water. But try as she would she could not sink. Her flaring skirts buoyed her up and her attempts to get her head under water were vain. Her splashing was heard by two men, who procured a boat and rescued her, despite her resistance.

After Miss Colloway was taken from the water she learned that her alarm clock was two weeks behind time, for her sweetheart was married a fortnight ago.

SCARCITY OF TEACHERS.

CHICAGO, June 9.—Lack of candidates for teachers' positions has led the Chicago board of education to decide to admit graduates of colleges and universities to the examination to be held June 27th and 28th. The dearth of teachers in Chicago has been felt so severely that the members of the board were practically unanimous on the question of admitting university graduates. The board adopted a resolution to suspend the present rules which prohibit college graduates from taking examinations for teachers' certificates unless they have had two years' experience in teaching.

LARGE BLACKBERRIES.

Some immense blackberries are on exhibition in the Board of Trade show windows at 510 Twelfth street, several of them measuring over an inch and one-half in length. They were raised upon the grounds of E. P. Vandercook of Fruitvale, by whom they are exhibited.

NOTICE OF APPLICATION TO MORTGAGE REAL ESTATE.

In the Superior Court of the County of Alameda, State of California.

In the matter of the application of Pacific Coast Baptist Theological Union, a corporation, for permission to mortgage real estate.

The above named petitioner having filed herein its petition for permission to borrow from the Oakland Bank of Savings, a corporation, the sum of Six Thousand Dollars ($6000), payable one year from the date of such loan, and bearing interest at the rate of eight (8) per cent per annum from such date, and for permission to execute a mortgage to secure the payment of said note, upon the following real property situate in the City of Oakland, County of Alameda, State of California, bounded and described as follows, to-wit:

All those certain lots, pieces or parcels of land situate, lying and being in the City of Oakland, County of Alameda, State of California, bounded and described as follows, to-wit:

Commencing at a point formed by the intersection of the southerly line of Twelfth (12th) street with the westerly line of Brush street; running thence along said southerly line of Twelfth street westerly one hundred and fifty (150) feet; thence southerly parallel with Brush street one hundred (100) feet; thence easterly parallel with Twelfth street fifty (50) feet; thence northerly parallel with Brush street fifty (50) feet; thence easterly parallel with Twelfth street one hundred (100) feet to the westerly line of Brush street, and thence northerly along the westerly line of Brush street fifty (50) feet to the place of beginning. Being lots numbered Twelve (12), Thirteen (13), Fifteen (15) and Sixteen (16) and a portion of lot number Fourteen (14) in Block number One Hundred and Fifty-two (152), as per map of the City of Oakland.

IT IS ORDERED that said petition be heard before the above entitled Court, Department No. 2 thereof, on the 16th day of June, A. D. 1904, at ten o'clock A. M. of said day, at the Court Room of said Department, in the Court House in the said City of Oakland;

IT IS FURTHER ORDERED that notice of said hearing be given to all persons interested by the publication of a copy of this order in the Oakland Tribune, a daily newspaper published in said City of Oakland, for a period of five (5) days next preceding such day of hearing, and as often as said paper shall be published during said period of five days; and it is hereby adjudged that such notice by publication as aforesaid is and shall be due notice of said hearing to all persons interested in said petition.

Dated, this 9th day of June, 1904.

HENRY A. MELVIN,
Judge of said Superior Court.

ROBERT B. GAYLORD, Attorney for Petitioner.

OAKLAND TRIBUNE

What the Alumni Can Do

At the recent commencement exercises of the State University over 500 students received diplomas of graduation. This was a very important reinforcement to the army of intelligence which is engaged in educating the public.

At the close of the ceremonies which attended the conferring of degrees, members of the class of 1879 were hosts at lunch. The post-prandial speeches indicated the prevalence of belief among the members of the class of 1879 that it deserved peculiar distinction. Beyond the disclosure of the fact that Professor Bernard Moses and Governor George C. Pardee were graduated with that class, the claim to special distinction was not made good.

The incident gives rise to the question as to what constitutes the distinction of any particular class. The mere fact that some of its members achieved official distinction or became distinguished educators will not justify the claim of distinction as a class. These achievements are personal, and however gratifying to the members of the class who have not become distinguished, it will not supply deficiency of educational equipment nor confer brilliancy upon individual mediocrity.

There is a field of educational activity affording very rare opportunity for achieving class distinction. This field lies in the direction of aiding the Alma Mater financially. Suppose the class of 1904, which as already indicated numbers over 500, would form an association for the purpose of endowing a chair in the University or of adding a beautiful building to its physical equipment. Twenty dollars a year from 500 people would be $10,000, in ten years a fund of $100,000 could be raised in this way and it would be the fund of the class of 1904. Suppose the class of 1905 joins in the effort, the income would be $20,000 a year and if the class of 1906 likewise joined in the effort, there would be $30,000 a year.

In this way a grand building could be erected and when completed, it would be a noble monument located by the Alumni to the Alma Mater.

It is said that there are already 5000 members of the Alumni of the University of California. Ten dollars a year from each of these would create a fund of $50,000 a year or $500,000 in ten years and without the aid of succeeding classes. Adding the re-enforcement of succeeding classes, there is no reason why at the end of ten years, the Alumni of California should not add a million dollars to the equipment of the State University and confer upon it a distinction not enjoyed by any other university in the world.

A grand structure, built by the contribution of the Alumni would possess a value in the estimation of the lovers of the higher education and a dignity which no gift of millionaire philanthropists can by any possibility confer.

For the last few days the war in Colorado has been more charged with stirring interest than the war in the Orient.

The Slave to Mammon

Uncle Russell Sage, who is ninety years old and possesses $90,000,000, says he is too busy to take a vacation. He states the case incorrectly. Mr Sage is too rich to take a vacation. Nominally, he owns ninety millions of dollars. In reality he is owned by ninety millions of dollars, and he works for a hard, cruel taskmaster. This money demands his undivided attention, his unremitting toil. It fiercely refuses to let him take a day off or dismiss for a moment from his mind the load of responsibility it imposes. He cannot go out and fish or sit on the grass under the trees, soothing his senses with the songs of birds and the scent of flowers, because he is harnessed hard and fast, body and mind, to that ninety millions of dollars. Poor man, he cannot get away from his load long enough to get a breath of fresh country air or take easeful enjoyment in quiet among friends who do not perpetually talk money, think money, make money, who are poor enough to be free and sane enough not to believe that a man's true mission in life is not to pile up all the wealth he can for lawyers to fight over or degenerate descendants to squander.

Mr. Sage cannot take his dollars with him when he dies. He cannot pave the road to heaven with them nor present them as a propitiary offering at the gate of Paradise. They will not soften the conditions of the future state nor soothe the pangs of suffering in the final hour. The money may build stately monuments to his memory, but it will neither inspire nor kindle tender recollections in any human heart. The sight of monuments erected to him will only serve to recall memories of Mr. Sage as he really was—a slave to wealth, and a toiling serf to its acquisition.

Russell Sage is speculating on what will become of his wealth after his death. He had better be pondering on what is to become of his soul after his money has got through with it. When it is separated from the gold with which it has so long been associated will it all be dross—a pitiful, worthless bit of sediment unfit for anything in this world or the next?

It may be all well enough to fight the boycott with the boycott, but there is some inconsistency in denouncing the boycott as legally and morally wrong while using it as a weapon of warfare. If it is not right, it is wrong, no matter by whom employed.

The Deplorable Situation in Colorado

The methods adopted in Colorado to restore order are very nearly, if not quite as disorderly and violent, as the original disorder. Mobs are driving men out of the mining district, wrecking newspaper offices and compelling public officials to resign by threats. Union miners are being hunted down and deported by the military. Even men working steadily in some of the mines have been seized and compelled to leave the country or take out a card from the Citizens' Alliance. These things are unpleasant to contemplate. They indicate a condition repugnant alike to the love of liberty and the sense of fair play, while they carry abroad a most unfavorable impression of the state of society existing in the communities in which they occur. Members of the Western Federation of Miners are now feeling the same sort of violence, ostracism and indignity that was visited on the non-union miners a short time ago. The boot is on the other leg, but the fit is not a whit better or the shape more pleasing. It must be said that the mobs now ruling the roost in the Cripple Creek country are composed of men who are, generally speaking, law-abiding citizens who have in the past received much provocation at the hands of the strikers and their sympathizers. Unfortunately they have gained the upper hand at a moment when their passions and resentments were aroused to the boiling pitch by a fiendish outrage. Acting under this inspiration they have begun inflicting vengeance in a lawless manner and in a spirit of rage. Organizations formed to restore order and put down violence are creating disorder and resorting to lawless violence. While there is excuse for this, it is unfortunate that it should happen. It further increases the disrespect for constituted authority that has cursed the mining regions of Colorado and gives the abettors and defenders of violence on one side an excuse to point to the excesses on the other as their own justification. Who goes forth preaching law and order, should not be guilty of the deeds he condemns in others. He who asserts the right of free speech and free action for all of his way of thinking should not deny the right of free speech and free action to others. Nor should the mob spirit be permitted to take possession of movements inaugurated to restore law and order.

Mrs. Hearst and the University

An entirely erroneous impression has gone abroad relative to Mrs. Phoebe Hearst and the State University. This erroneous impression will be dissipated by a simple statement of the facts. Mrs. Hearst has not withdrawn her patronage from the University nor her support from those special departments which she has hitherto assisted. She has, however, for reasons which are unnecessary to state, ceased to contribute to certain student activities and organizations to which she has given liberal aid in the past. Her reasons for so doing are not within the proper province of public inquiry since her gifts were voluntary and from funds on which the public has no claim. Some of these activities she became convinced from observation to be of doubtful utility and susceptible of abuse. No matter how much money one has, it is unwise to spend it for purposes of an impractical character or for objects that are not achieved. Character-building is one of the most important functions of a university, and character-building is not promoted by fostering a dependant spirit or encouraging the belief that the State University is an eleemosynary institution. Mrs. Hearst has been a liberal giver to the University proper in the past—the most liberal that the State has yet produced—and her generous gifts in the cause of education will continue. This is gratifying, but it should be said that if she concluded tomorrow to cease making gifts to the University no one would have a right to criticise her determination. She is under no obligation to give her money to the University or to anything or anybody else. But her very generosity has made her subject to comment, which, if not openly critical, is at least covertly invidious. Other rich people who have given nothing at all are exempt from this invidious comment. Never was there a more flagrant instance of looking a gift horse in the mouth and complaining of its points. A sense of decency and propriety should stifle further comment on Mrs. Hearst's refusal to contribute further to this or that benefaction or enterprise. Her privacy should be respected, even if her generosity is indifferently appreciated.

If Kuropatkin does not quit playing one-night stands ahead of the Japanese, he is apt to be classed with the barnstormers as a military star.

The orange growers of Southern California have suddenly discovered that empty boasting has its drawbacks. Each year grossly exaggerated estimates of the orange crop are sent out and printed in the special holiday editions of the local papers. These exaggerated estimates depress prices and recoil on the producers. The orange growers propose to get down to facts hereafter, and quit putting from 30 to 50 per cent wind in their crop estimates. They can pad the school census and get away with the swag, but it's different when it comes to representing that the orange yield is 20,000 carloads when it is only 15,000. Our Southern friends have decided to discard lying when it is unprofitable. Virtue hath its own reward.

WHAT OAKLAND MOST LACKS

The new spirit that is beginning to be manifest in Oakland is highly commendable. It will tell for the advancement of that place. Oakland offers more to the Easterner seeking a California home, where he may enjoy in comfort his wealth and years of rest well earned in a more strenuous clime, than any other part of California. There are thousands of such people in the East, and they are continually looking for the best place for a home here in California. While Oakland has the call on all other sections of the State as to climate and natural surroundings, it has been lamentably shy of the accommodations and added attractions that other towns and localities are so well equipped with. That which applies to Oakland applies to all the communities on this immediate side of the bay.—Alameda Argus.

THE COMIC MUSE.

Hammock, two:
Attempted kiss;
Quickly landed,
Like this.
Liverpool Post.

The Retort Courteous.

For years she had heard her husband say,
"Can't we have pies like mother used to bake?"
At last she cried, "Why, sure we can,
If you make dough like papa used to make."

Carried Upward.

He, grandfather carried a hod
And her father carried a wad;
The result of his wit and his brawn;
She is in society now
And it's perfectly scandalous how
She is said to be carrying on.
—Chicago Record-Herald

Sticko' macaroni and
A little bunch ' valler fuzz!
—Washington Star.

Chips From Other Blocks

Senator Lodge may be an awful example of the scholar in politics, but it is shrewdly suspected that Senator Lodge has always been more of a politician than a scholar.—New York World.

The discovery of President Baer should not be lost on the beef trust. A good steak is a luxury, and nobody should expect to be able to get it at a moderate figure.—Chicago Tribune.

It took the Cuban Congress just six weeks to get a quorum after it had assembled. Yet some people affect to believe that the Cubans are not qualified for self-government.—Atlanta Journal.

The Wassenitch divorce case in Denver develops that the bride kicked the groom on the finger. Great Scott, she should have slapped him on the wrist—its not near as rude—Buffalo News.

The failure of so many of the State conventions to instruct for Judge Parker makes it look as if the ruthless enemy had been scattering floating mines beyond the three-mile limit.—Ohio State Journal.

In the absence of explicit directions in the cook books for eating crow it is recommended that the bird be well cooked, lightly seasoned, and swallowed hastily.—Chicago Tribune.

Any one who could be so irreverent as to eat boobers at an Ibsen play probably deserves the severest rebuke that could be administered.—Chicago News.

THE MOUNTAINS.

Death holds eternal league about their peaks
And sets his craftey ambush here and there.
By seeming harmless ways that steeply fare
Past gorge and meadow and the icy creeks
But not the fatal chance and fear alone
Defends their silence in the virgin air,
Or these would yield to him who dared to dare,
Their timeless might by courage overthrown.

Mortality doth look on death, and smile,
But to the peaks where hope and thought may leap,
The aching feet a flinty way must keep,
Step after step, and mile on bitter mile;
And the first crest that costs a weary while
Is but one step toward where the summits sleep
—Albert W. Barker in Booklovers'.

"USE HYOMEI AT OUR RISK"

Osgood Bros. will Pay for Hyomei Treatment if It Fails to Cure Catarrh

The fact that Hyomei is so convenient and complete and that it cures by merely breathing and not by drugging the stomach, no doubt has had considerable influence in creating confidence in the treatment. When Hyomei is used, every particle of air that enters the head and throat and goes to the lungs is charged with healing balsams that kill the germs of catarrh and soothe and heal the irritated mucous membrane.

Osgood Bros. urge all who are subject to catarrh or catarrhal colds to get a Hyomei outfit from them and use it at their risk. No matter how skeptical you may be, you cannot dispute the fairness of this offer. Use Hyomei for a month. If, at the end of thirty days you can say to Osgood Bros, "It did not help," they will refund your money without question or argument.

Hints for the Ladies.

Those washable kid gloves can be had even in black.

"Nuns tucks" now have the floor, and are from two to four inches wide.

School girls are wearing simple little frocks of foulard and India silk.

The white lace hat and the white lace coat pair off charmingly together.

The cross seems to be better liked than the heart for necklace decoration.

The separate waist may be "passing," but the procession seems a comfortably long one.

Just a touch of cerise on a white costume is charming for those who can wear it.

Embroidered sprigs of green, red, blue or black relieve the plainness of the tan stocking.

"Oyster," a cool greenish and very pale grap, cream, buff, heliotrope and tender pink, blue and brown are among the delicate shades noted in dress linens.

Last year's low flat blouse has quite gone out of favor; the blouse of the moment is drawn high on the bust and tucked into a broad belt.

Pin checks in silk or silk gingham are used for the most charming little shirtwaist suits.

A pointed cape effect ending in tassels over the shoulder is used on many modish thin gowns.

The blouse that does not blouse a little in the back is not the approved blouse of the moment.

The sheer gown showing a colored lining under its transparency will be much in evidence this summer.

Three-quarter jackets, belted at the waist and bloused back and front, are seen among the newest models.

Most charming are the gowns of fine lace made over a net petticoat embroidered with bright silver paillettes.

Shaded voiles are a new effectiveness, deepening from a faint tone at the waist to the solid hue at the skirt hem.

Narrow cotton braids, introducing floral patterns in white, black or color, are trimmings used upon piques and ducks.

SOME PASSING JESTS.

CHANCE FOR KINDNESS.

Ernie—Gussie Sap says if I refuse him he will go away and join either the Japanese or Russian army.

Belle—Then accept him. Those nations have enough troubles already.—Chicago Daily News.

FAIR TO THE MULE

"Why dont you try to drive that mule without profanity?' "It wouldn't do any good,' answered the canal boatman. "It ain't fair to the mule to ask it to start in at this time o' life to learn a whole lot o' polite synonymes."—Washington Star.

RAZOR SO HANDY.

"Here you is—in trouble again," said the colored deacon. "I didn't I tell you ter fight you' way only wid de sword er de sperrit?"

"Yes, suh," replied the penitent. "But—de razor wus so handy!"—Atlanta Constitution.

Makes Men Vigorous

For the return of that youthful feeling of manhood a prominent Detroit physician and savant is in possession of a receipt which he has himself used in his own extensive private practice with the most startling success. Though the years have passed its equal has never been found and with it thousands of weak men have brought about the cures the so much longed for. The doctor willingly sends the formula entirely free to any man who writes him for it, and they will find it a gift of lasting value. It is good for sexual weakness, lost manhood, nervousness, weak back, emissions, varicocele, lack of force, prostatic trouble, night sweats, inability and the many other embarrassing conditions that befall the sexually imperfect man. It creates an immediate social feeling, warmth and good nature, forces active blood to the muscular tissue, tones the nervous system and arouses bodily confidence. It makes the man of 85 as good as at 35, and the young man again eager for society and fit for marriage and parenthood. Satisfactory results are produced in a day's use, and a perfect cure in a few weeks regardless of age or the cause of your condition.

If you need such a remedy send your name and address today to the Dr. Knapp Med Co., 1894 Hull Bldg., Detroit, Mich., and in an unmarked envelope the doctor will at once send you the receipt, as promised, explaining in detail what ingredients to use and how to compound them so that any weak man can cure himself in his own home without being under obligations to anyone. It costs you nothing and the sooner you write the sooner you will be cured.

BOMBARD PORT ARTHUR DAILY.

CHE FOO, June 9, noon.—Chinese arriving from Port Arthur say the entrance to that harbor is still blocked, and large vessels are unable to pass in or out. Gunboats and torpedo boats can only effect a passage at high tide. The Russians have several fortified positions between the present positions, extended for a distance of seven miles out, and under the forts at Port Arthur.

The Japanese fleet is bombarding Port Arthur daily from a considerable distance off shore, fearing to attempt a closer range of fire on account of danger from Russian mines.

The Chinese when leaving the town had great difficulty in securing provisions and several junks which left recently without any food on board, were supplied by the Japanese cruisers which stopped them.

The Russian officials have notified the Chinese that officers who have treated people of their nationality cruelly have been punished.

Both sides are doing their utmost to earn the good will of the Chinese.

A junk from Takushan reports that the Russian officers who ordered the destruction of Chinese wagons, etc. before that town was evacuated, had been punished.

HOTEL ARRIVALS.

WILL INVESTIGATE ETZEL'S DEATH.

TIEN TSIN, Jun 9.—Viceroy Yuan-Shai-Kai has sent the Taotai Liu to Newchwang to investigate the death of Lewis Etzel, correspondent of the London Daily Telegraph, who was shot recently by Chinese imperial soldiers. It is now reported that he was foully dealt with.

COULD NOT TELL OF DAMAGE

CHE FOO, June 9, 3 p. m.—A Chinaman from Port Arthur says that while the party of Chinese with whom he arrived today were in Port Arthur during the bombardment which took place on the night of June 6, they left at daylight on June 7 for a harbor east of that town, where they boarded junks on the following day. Consequently they had no opportunity of ascertaining the amount of damage done, if any, by the bombardment.

DEGREES FOR PROMINENT MEN.

DENVER, June 9.—At the graduating exercises of Denver University Senator Henry M. Teller received the degree of Doctor of Laws as did William Fraser McDowell, who has recently been made bishop of the Methodist Church. Barton O. Aylesworth, President of the Agricultural College, received the degree of Master of Arts and Letters, and the degree of Master of Arts was conferred upon Judge Ben B. Lindsey, of Denver, the originator of the Juvenile Court idea.

At the annual meeting of the Board of Trustees of the university, Bishop H. W. Warren was re-elected president.

AN UNANSWERED QUESTION.

What is the literature that lives?
Is polished pen-stroke it?
And does the file
Put tear or smile
In pathos or in wit?

What is the literature that lives?
Is it the special style
That magazines
Run through their screens,
Which stay to afterwhile?

What is the literature that lives?
The pale aenemic kind,
Where culture gives
The touch that lives
And heart is lost in mind?

What is the literature that lives?
Are made-to-order things
The noblest thought
The pen has wrought?
The songs a poet sings?

What is the literature that lives?
The red blood of the heart
That colors true
The work they do?
Or is it cultured Art?

What is the literature that lives?
Is it what writers feel
In their own words,
As songs of birds,
What noblest they reveal?

What is the literature that lives?
Matter or manner, when
The writer leads
To highest deeds
In conquest of the pen?
—William J. Lampton, in Reader Magazine

Halcyon Days for Women

Never, surely, has it been so easy to dress effectively and tastefully as this summer, when either in style or color or fabric it is well-nigh impossible to find anything really ugly. This is truly a halcyon period for women. Everything is designed to save her from spoiling effects; the little touches that make "all the difference" have been thought out for her. And one more material advantage—the Lace House system of pricing.

Walking Skirts—Special $3.95

These are genuine vacation skirts. Those who bought them at $5.00 and $6.50 got good value for their money. Coverts and plain weaves are used in the making and there is a variety of styles. But they are dressy skirts and they will certainly wear well. Special $3.95

Vacation Suit Special—$15.00

Good enough and stylish enough to wear on any occasion are these $25.00 and $30.00 suits, yet durable enough to stand the hard wearing they are likely to get during a summer outing. Made of cheviots, broadcloths and Scotch tweeds; they are this season's styles, but to reduce stock they are marked $15.00 In Eton, blouse and coat styles reductions have been very heavy.

One lot of useful suits, formerly priced $12.50 ..... now $5.00

Some good styles at $15.00 are now $6.50

Other suits that were $16.50 are now $8.75

A smart lot of suits in mixtures and plain weaves that were $20.00 are now $12.50.

Fancy Lawns—Special 9c yd

A mixed lot of 12½c and 15c lawns have been put into this special lot. There is a good variety—printed with large or small polka dots; blue, red, pink with stripes or fancy dots—all at ..9c yard

Novelty Waisting—Special at 60c

85c and 90c were the regular prices of these high-grade novelty cottons. Some conventional, but mostly striking designs, white grounds; gun-metal grounds with delicate white figures; champagne, mottled effects; irregular checks on light grounds; a few fancy stripes on white grounds. ..... Special 60c yard

Summer Styles in New Wrist Bags

New wrist bag; 8 inches long, with the new braided leather handle; sea lion grain; in black, brown or tan; fitted with card case and purse $1.25
Looks like a $2.50 bag.

—same style, 10 inches long $1.50

Other braided handled bags from ..... 50c to $3.50

"Peggy from Paris"

—the very latest fad in hand bags.
7-inch frame made of fine soft leather which takes many graceful folds; in black, brown and tan $1.25

Other Peggy bags from ..... 50c to $12.50

Cushion Tops Special at 25c

Some broken lots of the popular pepper California poppy, violet and other patterns mostly floral—that are regularly priced at 50c. That's what we are now offering at 25c
with backs ready to work.

Children's White Lawn Dresses

These summerish garments are made with due obedience to style; the trimmings are very effective and the every-day kind as well as the dressiest designs are included in the showing; sizes for ages from 6 to 14; prices $1.25, $1.50 to $6.50

At $2.75—Fine lawn dress, skirt finished with very deep ruffle; hemstitched tucked yoke; bertha with embroidery and inserted medallions; sleeves and neck finished with a lace-edged ruffle.

At $2.75—Smart Peter Thomson model made of good, white linen; sleeves and tie trimmed with solid blue; red naval emblem on sleeve and shield.

LOCAL LODGES PLAN MANY EVENTS.

ENTERTAINMENTS AND SOCIALS MAPPED OUT FOR FUTURE.

Next Sunday will be Woodmen Memorial Day. The entertainment committee announces that everything is in readiness and a good program will be assured. The Woodmen Quartet will render selections and Prof. T. C. Crawford will deliver the address at the Memorial Service at the Crematory at 2 p. m. Rev. E. E. Baker of the First Presbyterian Church will address the Woodmen of the World of Oakland at his church at 11 a. m. The monuments over the graves of Neighbors' Temple, Cordan, Fennon, McCombs, Halloran and Bressman will be unveiled, after the close of the memorial services. All Woodmen of the World are invited to attend at both the church and memorial services.

The Degree Team of Oakland Camp, No. 94, will hold its picnic next Saturday afternoon and evening at Idora Park. All Woodmen and their families are invited to attend.

Next Monday evening will be election of officers of this camp.

HARBOR LODGE, NO. 253.

Harbor Lodge No. 253, I. O. O. F., held a regular weekly meeting last night. Considerable business was brought before the members. One application was acted upon. A committee on installation was appointed. The Grand Lodge representatives made the reports of their observation of the proceedings of that body. These reports were very interesting and listened to with great interest by the members present. The first degree will be conferred by Harbor on Wednesday evening, June 15. All Odd Fellows are cordially invited.

OAKLAND HIVE, No. 14.

The entertainment given by the guards of Oakland Hive No. 14, was a most decided success. An excellent program was followed by a Japanese parasol drill by sixteen guards. The drill contained many new figures and was much enjoyed by a large audience. The evening's program was concluded with a dance.

On the 18th instant these guards repeat the drill at San Leandro, where the hive of that city will give an entertainment and dance.

Tomorrow evening many matters of importance will be disposed of at the review, and at the close of the session the members of the Funeral Benefit Fund will hold their final organization meeting.

WILL ALSO GRADUATE.

Following the the names of the students from the Polytechnic High School whose names were by mistake omitted from the graduating list:

Bella Lawrence, Mamie C. Mitchell, Marjory M. Jenkins and Kenneth Keefer.

FOREST CIRCLE.

Pride of the Forest Circle No. 122, C. O. F., held its meeting last Tuesday evening with a large attendance. Election of officers took place and the following were elected for the ensuing term: Chief companion, Mrs. Johnson; sub-chief, Mrs. Peregrine; financial secretary, Mrs. Rhinehart; recording secretary, Miss Whetmore; treasurer, Mrs. Murdock; right guide, Miss F. Vessing; left guide, Miss E. Vessing; inside guard, Mrs. Blakely; outside guard, Mrs. O'Conner; physician, Dr. W. W. Kergan.

Pride of the Forest Circle will hereafter hold its meetings on the first and third Fridays of every month instead of Tuesdays. The circle gave a reception after meeting closed to all members and their friends. Ice cream and cake was served and music and singing was indulged in and all enjoyed themselves until a late hour.

WOMEN OF WOODCRAFT.

Oakland Circle held one of the most enjoyable meetings of the year last Saturday evening and the time is not far off when it will lead all other fraternal orders a dusty chase to keep up with them for their good times and the practice of true fraternalism which is being shown to many whom misfortune has visited.

Some fifteen applications for membership was received through the efforts of the organizer Jesse M. Moore, whose work has been greatly appreciated by the neighbors of Oakland Circle. She has made many warm friends during her short visit and we trust that Grand Guardian C. C. Van Orsdall will allow her to remain with us for some time, she has brought enthusiasm into the work and before many weeks the circle will have enrolled over 300 members.

The circles around the bay are working hard to increase their memberships so that when the next grand session is held the office of Grand Guardian and Grand Clerk will be transferred from Washington and Colorado to California.

The growth of the order is wonderful, standing second to none in the history of fraternal orders of its age.

After the session closed last Saturday evening, a social game of whist was entered into and four beautiful prizes donated by Guardian Neighbor Williams and Past Guardian Neighbor Turnbull were given to the lucky ones holding the highest scores.

Many other pleasant gatherings have been arranged for the coming summer evenings.

Visiting neighbors are cordially invited to attend our meetings every Saturday evening at Woodman Hall.

There will be initiatory work for some time as applications are being received at every meeting.

ALCATRAZ CHAPTER, NO. 82.

The following bulletin for June has been issued by Alcatraz Chapter, No. 82, R. A. M.:

Companions will please take notice that the called meetings for degree work this month will be held Thursday evenings instead of Saturdays.

Thursday, June 9, at 7:30 sharp, fourth degree; Thursday, June 16, at 8, fifth and sixth degrees; Thursday, June 23, at 8, seventh degree; Thursday, June 30, no meeting; next stated meeting, Saturday, July 2.

ALCATRAZ LODGE, NO. 244.

Alcatraz Lodge, No. 244, F. and A. M., has issued the following bulletin of meetings for degree work this month, which will be held Saturday evenings instead of Thursdays: Saturday, June 11, first degree; Saturday, June 18, second degree; Saturday, June 25, third degree; next stated meeting, Thursday, July 7.

VORMARTS LODGE I. O. O. F.

The election of officers in Vormarts Lodge, No. 313, I. O. O. F. at the last meeting resulted as follows

A. Bishop, noble grand; A. Currlin, vice-grand; L. Lorenzen, secretary; Carl Alfs, treasurer; Andrew Kruckel, trustee.

After which a beautiful solid gold jewel was presented to Past Grand and present Secretary L. Lorenzen, engraved, in recognition of twenty years faithful services rendered them as secretary of the lodge.

L. Lorenzen has been appointed D. D. G. M. for the four German lodges in San Francisco and one in Oakland, comprising District No. 2, I. O. O. F.

OAKLAND COURT, NO. 6.

Oakland Court, No. 6, Tribe of Ben Hur, has sent notices of the annual memorial services to be held in Ben Hur Temple on Sunday, June 12 at 3 p. m. All members are urged to be present on this occasion and to wear a white carnation, which is the emblem of our order.

The nomination of officers for the ensuing term will take place on Monday evening, June 20, and the election a week later.

LYON RELIEF CORPS.

Lyon Relief Corps No. 6, held its regular meeting Tuesday afternoon at Loring Hall. The committee in charge of the social of June 14 will give a patriotic tea from 2 until 5 o'clock at Loring Hall, Eleventh and Clay streets. A nice program has been arranged and as this is for the benefit of their relief fund, they will be pleased to have all attend. Mrs. Louisa Holms, the treasurer of the corps, had an agreeable surprise tendered her by the president, Mrs. Wilson, who, in a few appropriate remarks in behalf of the members, presented her with a handsome cut glass dish in recognition of her work done in Lyon Relief Corps, No. 6.

ARGONAUT HIVE NO. 59.

A very enjoyable evening was spent at Argonaut Hive No. 59 L. O. T. M., last Tuesday evening. After a short review held, the Attraction Committee entertained the members and friends with games and music.

Sandwiches, coffee, ice cream and cake were served in the banquet hall.

Those on the committee were Mrs. Edith Kreiss, Mrs. Georginea Robin, Mrs. Jennie Dickson and Mrs. Jessie Wilkson.

Ladies and Knights of the Maccabees will give a picnic at Piedmont Springs next Saturday.

PIEDMONT PARLOR.

Piedmont Parlor, No. 7 N. D. G. W., has elected the following officers for the ensuing term: Past President, Mrs Beda Pacheco; president, Miss A. Bock; first vice president Mrs. Jennie Jordan; second vice president, Miss Emma Naegle; third vice president, Miss Anna Siegler; marshal, Miss C. Englehart; recording secretary, Miss Bessie Wood; financial secretary, Mrs. G. Bibber; treasurer, Miss A. Arrouge, inside sentinel, Miss M. James; outside sentinel, Miss Rose Siegler; trustees, Mrs. M. Ferm, Miss Mollie Sewell, Mrs. A. Mosher; organist, Jennie E. Brown.

Mrs. J. Jordan, and Miss Winnie Mulvey have been elected delegates to the Grand Parlor which convenes at Pacific Grove June 12th.

FOREST CAMP NO. 102.

Forest Camp 102 W. O. W., held its regular meeting on last Monday evening with the largest attendance for several years. Election of officers took place, and was very exciting as there were two or more nominations for several of the positions. One application was received, also a neighbor by transfer card. There was also an initiation, with the Degree Team assisting in the work.

Forest Circle and Forest Camp will hold a joint installation on the second Monday in July, which will be followed by a banquet. The camp band has again resumed rehearsals and are doing some good practicing for concert work.

Clerk Wrede was absent from camp the first time for several years, and Assistant Clerk Stetson had more work than he could attend to. The graves of deceased Woodman were decorated on last Sunday by the committee appointed by the Camp.

FOUNTAIN LODGE ELECTION.

Fountain Lodge, No. 198, I. O. O. F., has elected the following officers for the ensuing term:

Noble grand, J. F. Hose; vice-grand, Wm. Guild; recording secretary, W. T. Sellars; financial secretary, O. G. Rohl; treasurer, N. J. Swenson; trustee, J. F. Rasmussen; representatives to the O. F. Hall Association, J. R. Naisbett. The secretaries, treasurer and trustee are the present incumbents.

A discussion in regard to the coming parade in September and an inspection of the new paraphernalia closed a lively meeting.

RATHBONE SISTERS.

The members of Loyal Temple, No. 47, had a busy evening. Much work for the good of the order was transacted and all sisters are working unanimously for the amalgamation of true sisterhood. Two candidates were in waiting and in due form were sent on the road rejoicing in the mystification of this organization, and both were much happier and wiser after the procedure and will take the path of life which lies before them much more cheerfully.

After the initiation the members came to the order of election, which was full of mirth in conjunction with a lively, but friendly contest. The members of this Temple have come to the realization of electing officers who are worth their merit. The officers elected are as follows:

M. E. C., Sister Emma Muehlenbruch; E. S., Sister Maude Henderson; E. J., Sister Gertrude Green; M. of T. was not elected, but this office will be filled next meeting night, June 13; M. of R. and C., Luna Austin; M. of F., Sister Ella Rerat; P. of T., Sister Eva Frey; G. of O. T., Sister Fanny Barnett; trustee, Sister Jenny Levy.

By unanimous vote it was decided to invite Past Grand Chief Sister Lillian Samuels to install the officers. A great time for this occasion is expected.

A grand whist tournament will be given by this Temple, Monday evening, June 20, when beautiful prizes will be given to the winners. All are cordially invited. Come one, come all; if you do not, you miss a treat.

WILL RENDER A FAMOUS ORATORIO.

L. A. Larsen, bass soloist of the famous Knickerbocker quartet and of the First Congregational Church of San Francisco, will assist the choir of the First Congregational Church of Oakland in its tenth oratorio service this Sunday evening, June 12th, when selections from Mendelssohn's oratorio of "Elijah" will be presented. Mr. Larsen will exchange choir positions for the evening with Henry L. Perry, the regular bass soloist of the choir, who has been incapacitated through his recent illness from assuming heavy choir duties.

The work will be sung under the direction of Alexander Stewart, with a chorus choir of sixty voices and the following soloists in addition to Mr. Larsen: Mrs. Grace Davis Northrup, soprano; Miss Edith Hibberd, soprano; Mrs. Carroll Nicholson, contralto; Arthur A. Macurda, tenor; Master Easton Kent, soprano, and William B. King, organist.

In addition to the oratorio, Mr. King will play three Mendelssohn organ numbers—The overture to "Elijah," "Nocturne" from "The Midsummer Night's Dream" and the "Priests' March" from "Athalie." The service commences at 7:45 o'clock.

WOMAN TO BE HANGED.

NEW YORK, June 9.—For the first time in forty years a woman has been doomed in New Jersey through the refusal of the court of pardons to interfere with her death on the gallows for murder. Mrs. Anna Valentine, who killed Mrs. Rosie Salza at Lodi, N. J., last March, will be the victim and she will probably be executed June 16 at Hackensack, N. J. At her trial Mrs. Valentine confessed her crime and said in open court she was ready to die. She said that the Salza woman called her vile names and in a frenzy she stabbed her tormentor seventeen times with a long blade carving knife.

EXPLODED THE MINES.

TOKIO, June 9, 11 a. m.—Official reports show that the first section of Talienwan bay has been completely cleared of mines. Sixty-two have been found and exploded by the force under Admiral Katnoka. Two Russian ships were found under water about 1200 yards west of Sanshan islands, one of which is believed to be the cruiser Boyarin. Other sunken vessels have also been found southwest of the same islands.

A TRYING POSITION

Oakland Readers Will Appreciate This Advice.

A constant itching tries your patience.

Nothing so annoying; nothing so irritating as Itching Piles or Eczema.

To scratch the irritating makes it worse.

To leave it alone means misery.

Some Oakland citizens can tell you how to be free from these troubles. Read the following:

R. Gilgan, carpenter of 1215 Clay street, says: "I had itching and bleeding hemorrhoids commonly known as piles for years. None but those who are annoyed day and night with this exasperating affliction have the faintest idea what a sufferer endures and when at last he finds a means to bring relief he is only too pleased to let his friends and neighbors know what he employed. I went to a drug store for Doan's Ointment. I believe the second application helped. I am not prepared to say that the ailment is radically disposed of but this I can consistently declare from the treatment I received more genuine benefit and more immunity from distress and annoyance than from anything I ever used."

For sale by all dealers. Price 50 cents. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doans and take no substitute.

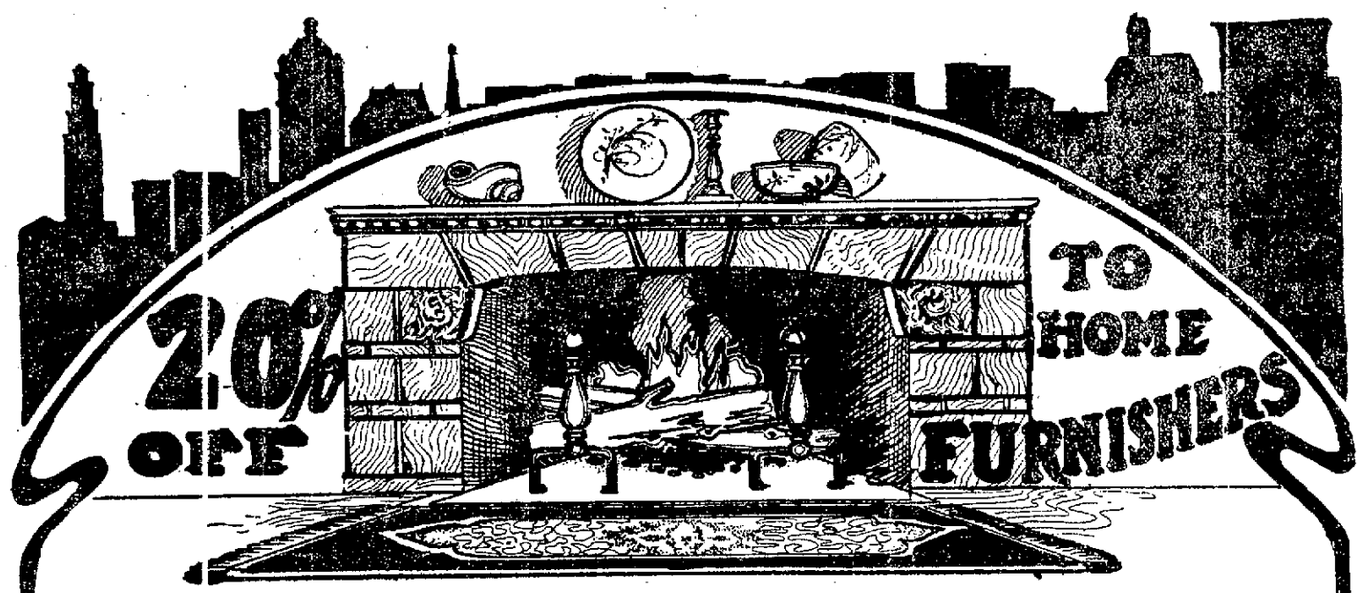

DYSPEPSIA

"Having taken your wonderful "Cascarets" for three months and being entirely cured of stomach catarrh and dyspepsia, I think a word of praise is due to "Cascarets" for their wonderful composition. I have taken numerous other so-called remedies but without avail and I find that Cascarets relieve more in a day than all the others I have taken would in a year."
James McGuire, 106 Mercer St., Jersey City, N. J.

BERKELEY SUBURBAN NEWS UNIVERSITY

SIERRA CLUB IS READY FOR TRIP.

Tramp Through High Mountain Ranges Will Be Taken By One Hundred and Fifty Climbers.

BERKELEY, June 9.—Harold Bradley, a graduate of the University of California and son of Professor C. B. Bradley of the University, who is now at Yale studying for his doctor's degree, is engaged in making food tests for the United States army in conjunction with Professor Russell H Chittenden of the Scheffield Scientific School. Young Bradley is also the member of a club of Yale students who have formed a club to further dietary doctrines.

Careful records of the physical accomplishments of the members of the club, together with accounts of their weights and measurements were kept for comparison with records made after the dieting squad had subsisted for months on a scientific bill of fare. There were no meats whatever. There was milk and sugar in sufficient quantities to make up the correct percentage of proteids, fats and carbohydrates necessary to properly supply the body with fuel and fats.

The results were perfectly satisfactory and the decision of Bradley and his fellow students was that as a general thing people eat too much.

In deference to this opinion the new club will continue its experiments throughout the summer months. They will eat two moderate meals a day or three light ones. They will exercise much and gratify their appetites little.

RETURNS FROM FATEFUL TRIP.

BERKELEY, June 9.—Captain Alfred Lockett, who was in charge of the Pacific Mail Company's freight steamer Algoa, at the time it ran on the racks of Point Bonita Tuesday has returned to his home, 1623 Walnut street in this city. Chief Engineer Auld of the ill-fated steamer is also at his home in this city.

In speaking of the accident, Captain Lockett said:

"When I saw the schooner Mohican heading toward me I knew there was only one thing to do—that was to keep out of her way. It may be possible that I was too close in short at the time, but I was taking advantage of the tide conditions and used the north channel to enter port.

"When I found that it was a matter of steering clear or having a collision I steered clear. Otherwise we would have been smashed or the compeer would have been cut down. I did not have any idea that we would strike the reef because I thought we were beyond it. As quickly as we struck I ordered the ship stopped and full steam astern. That was, however, not sufficient to check the headway and I at once called out to First Officer Nichols to let go both anchors. We had at the time such headway that even though the propeller was working astern we could not check the forward motion. We struck and pounded until the propeller secured action in backing out and we became clear.

"By that time Pilot Reed was aboard and took command."

PHYSICIAN OFFERED PLACE AT FOLSOM.

BERKELEY, June 9.—At the meeting of the State Board of Prison Directors next Tuesday, the name of Dr. Charles F. Gladding of this city will be presented for the position of resident physician of the Folsom penitentiary. He has already been tendered the position and has decided to accept it.

The office carries a salary of $1500 a year and perquisites that make it worth several thousand dollars more.

Dr. Gladding is a graduate of the California Medical College with the class of 1897 and before that time was a practitioner in dentistry. He is popular with a large following in this city.

Soft taffeta silk, mohair and linen are the fashionable stuffs for shirt waist suits.

CONTINUES SUPPORT.

Mrs. Hearst Gives Anthropologists Assistance.

BERKELEY, June 9—That Mrs. Phebe A. Hearst will still continue her liberal support of the anthropological department of the University of California, is authoritatively stated by her business manager, Edward Clark.

Mrs. Hearst's gifts to the anthropological department has amounted to at least $50,000 a year for a number of years past. Her agents have brought rich scientific treasures from all portions of the earth until now the University of California boasts one of the finest collections of its kind in the world.

"Mrs. Hearst will continue to support the archaeological department," declared Manager Clark. "It seems to me unkind to talk about Mrs. Hearst withdrawing her benefactions. I think I can say that she does not intend to withdraw her patronage of the University at all. She has simply cut down on a few things that did not justify the continued expenditure of money. The few she has abandoned are nothing as compared to the many she is still assisting."

Mr. Clark said:

"Mrs. Hearst will continue to support the archaeological department. It is true that the contracts with some of the scientific men engaged to carry on researches will soon expire and probably will not be renewed. But the work these men set out to do is about completed and there is no further need for their services. Her contract with Professor Otto Emerson, for instance, will expire in September. Under Professor Emerson's direction Mrs. Hearst has spent $30,000 this last year upon Greek and Egyptian researches alone. She has also supported the work of Professor F. W. Putnam in America and Professor Max Uhle in Peru, which have cost great sums of money.

"It seems to me unkind to talk about Mrs. Hearst withdrawing her benefactions. I think I can say that she does not intend to withdraw her patronage of the University at all. She has simply cut down on a few things that did not justify continued expenditures of money. The few she has abandoned are nothing compared to the many she is still assisting."

OBSERVE FLAG DAY.

Berkeley Veterans Plan to Hold Exercises.

BERKELEY, June 9.—Elaborate preparations for the observance of "Flag Day," June 14, the day on which the American flag was accepted by the Continental Congress and General George Washington.

The following committee has been appointed by Commandant Charles T. Kerns, commandant of Lookout Mountain Post, No. 88, G. A. R., to take charge of the arrangements for the observance of the day: Henry Lamp, chairman; Captain Emil Kellner, of the University of California; S. D. Waterman, City Superintendent of Schools and J. E. Boyd.

REV. C. R. BROWN WILL SPEAK IN BERKELEY.

BERKELEY, June 9—A series of special meetings are to be held under the auspices of the South Berkeley Presbyterian Church, commencing June 13.

It is the intention of those in charge of the meetings to secure the most prominent ministers in the bay cities, as well as visiting divines from the East, as speakers. Rev C. R. Brown of the First Congregational Church of Oakland has already volunteered his services and it is expected that many will follow him.

Preliminary to the special religious meetings, a series of cottage meetings are now being held at the homes of those most interested in the plan. Last Monday evening two of these meetings were held at the homes of Mrs. Cutter and Mrs. Betts. Last evening, at the regular prayer meeting, a rally of those who will assist in the work was held. This evening a meeting will be held at the home of Mrs. Van Vleyner, 1610 Oregon street, and tomorrow evening meetings will be held at the homes of Mrs. Fowden on Shattuck street and Mrs. McCaw on Fairview street.

Practical religious questions involving everyday life will be discussed, together with the influence of the church and the Bible. The meetings are open to all the citizens of Berkeley, as well as to residents of the South End.

BOOM IN BUILDING.

Berkeley is the Scene of Great Activity.

BERKELEY, June 9.—In spite of the fact that the dull summer months have begun, the real estate dealers report that business is very brisk and the demand for houses and lots is greater than can be filled. All parts of the city are building up rapidly at the present and handsome residences are being put up as fast as the contractors can get men to work on them.

The new blocks going up in the business portion of town are rapidly nearing completion in most cases. The steel frame work of the First National Bank building on the corner of Shattuck avenue and Center street is completed. The Thomas block on Center street is being put up with marvelous rapidity, the stores on the first floor being plastered already. The new Library Building has the stone work on the basement completed, while the block at the corner of Berkeley way and Shattuck avenue has the frame up.

The building that promises to be one of the finest residences in the city is now being erected at the northwest corner of Euclid and Virginia streets by Frank E. Armstrong, the well known contractor. The house, with the lot, will cost $10,000. The structure will consist of two stories and an attic and basement and will contain ten rooms. Beam ceilings, panelling and other artistic natural effects in wood will make a handsome interior. Colonial in style the house will have several comfortable looking fireplaces and will be fitted for furnace heating throughout.

Contractor Armstrong is also busily engaged in other directions. On the east side of Louisa street between Virginia and Cedar, he is erecting three seven-room houses for Charles Boudrow. The dwellings will cost $2500 each.

A house that will cost in the neighborhood of $2000 is being built for Herman Muller of San Francisco on the south side of Virginia street between Shattuck avenue and Milvia street.

Ira Abrahams and Miss Abrahams are having a six-room house built on the west side of Walnut street, between Delaware and Virginia streets at a cost of $2000.

A fine colonial residence is being built for Mrs. Marsh, on the south side of Durant avenue between Ellsworth and Dana streets. It will contain 13 rooms and will cost $5000.

He has just completed two flats for Mrs. John Maynard and Mrs. G. M. Robertson on the south side of Cedar street near Spring street. The building will cost $4,200 and each of the flats will contain six rooms.

The finishing touches are being put on a seven-room house for Mr. Andrews, manager of the Bank of California, on the northeast corner of Piedmont and Russ streets. The cost will be $2700.

COMING AND GOING IN COLLEGE TOWN.

BERKELEY, June 9 — City Superintendent of Schools and Mrs. S. D. Waterman left this morning for a vacation at their country home at Camp Meeker. Mr. Waterman has made arrangements to be in his school all day Tuesday, June 14.

C. E. Rule has moved from 2632 Durant avenue to South Berkeley.

Miss Effie Rigden, who has been attending the University, has gone to San Diego to enroll in the University summer school in zoology.

Oscar Kern, who graduated from the University several years ago, is now an electrical engineer for the Mount Whitney Power Company.

Mrs. Gurdon Bradley, of North Berkeley, will leave Wednesday with her three children for Long Beach to spend the summer.

Mrs. Robert Steedman, of Parker street, has returned from a visit to Scotland.

Mr. and Mrs George Schmidt and party will depart in a few days for a trip to Yosemite.

Mrs. C. C. Spaulding of Sacramento, who has been visiting Mrs. W. W Seaman of this city, returned home today.

Miss Wayman Atterbury, of this year's graduating class at the University, will spend the coming week in Suisun.

Audubon Woolsey is recovering from an operation for appendicitis in a San Francisco hospital.

Mrs. C J Swan, fo New Orleans, has come to spend the summer with her mother Mrs. Small of 2225 Ellsworth street.

Mr. and Mrs. A. L King stopped in Berkeley a few hours today. They were en route to Wadsworth, Nev., where they will make their home. Mr. and Mrs. King were married in Los Angeles a week ago, and have been spending their honeymoon in San Francisco.

T M. Grigg and family of Hawthorne Terrace will spend the summer months at Pacific Grove.

Captain Marston and family left town yesterday for Benicia for a vacation.

Miss Susie McGreer, daughter of Mrs. Ella McGreer, has returned from a year's visit with the family of her uncle, Hon H. McGreer of Eastern Oregon.

John Muir, the famous mountaineer, and his daughters, Misses Wanda and Helen Muir, have departed for the Grand Canyon of the Colorado.

Miss Minnie Macelvey will leave next Wednesday on a two weeks' camping trip into the country.

Rev. Brayton and his son Harold of 1921 Russell street, have departed for the Louisiana Purchase Exposition.

HEIR IS FOUND.

CHICAGO, June 9.—A dispatch to the Tribune from Asheville, N. C., says:

Mary Virginia Rhodes, one of the heirs to Cecil Rhodes' estate in South Africa, has been found in Asheville.

She is now Mrs. Virginia Rhodes Baker, a missionary. Mrs. Baker is about 45 years old. She has been engaged in mission work in the Black Mountain district for a number of years.

GRADUATE CONDUCTS FOOD EXPERIMENTS.

Harold Bradley, Son of Professor C. B. Bradley, Evolves Some New Dietary Doctrines.

BERKELEY, June 8.—Shortly after the middle of this month 150 enthusiastic mountain climbers will leave to take the trip of the Sierra Club to the Yosemite Valley and the Tuolumne meadows, Hech Hetchi and Lake Eleanor. Herbert S. Mackie, who will manage the trip left today to make arrangements for the great camp. Walter Burpee of Oakland will have charge of the commissary department while Edward Gould will be the manager of transportation.

After spending two weeks in Yosemite Valley the members of the club will depart on the higher mountain trip.

HAYWARDS, SAN LEANDRO, EMERYVILLE, FRUITVALE, GOLDEN GATE

WANT SANITARY DISTRICT.

PEOPLE OF ELMHURST FAVOR PROJECT AND WILL AID IN ITS ESTABLISHMENT.

ELMHURST, June 9.—James J O'Toole, president of the Elmhurst Improvement Club, stated recently that the establishment of a Sanitary District in Elmhurst is favored by the community and in fact is particularly desired. "People are calling on the Improvement Club to boost the matter," said Mr. O'Toole, "and offer all the assistance in their power to attain the desired improvement." The club is making investigations as to the proper course to pursue and doubtless, before long, will have matters in shape and work well under way.

MANDOLIN CLUB SOCIAL.

The entertainment given last evening at Red Men's Hall by La Vedette Mandolin and Guitar Club was a decided success. Besides the musical numbers rendered by the club the following artists gave performances in their individual lines: Henry W. Foster, the blind pianist; Arthur Windom dramatic readings, O. J. Williams bass soloist and C. P. Pedersen, mandolin soloist. The attendance was large and the performance excellent throughout.

The Elmhurst Realty Company has sold to John Probst a new cottage and two lots on Olive street, owned by E. B and A. L. Stone.

The house belonging to Eroma Edwards, on Highland avenue was also sold by the Realty Company recently.

Miss Madge Flynn and Mrs. M. D Silva were in San Francisco on business Wednesday.

Mrs. N. M. Norman left for the East recently to attend to business matters.

Miss A. M. Rimes has gone to Maine to visit her mother.

R. L. Clark is in Missouri looking after the estate of his father who died recently in that State.

Much is heard in praise of the singing of Miss Ethel Barrows, who rendered selections in the Presbyterian Church last Sunday. Her voice is said to be unusually sweet and tuneful.

ATTEND K. OF P. EXCURSION.

LARGE NUMBER OF SAN LEANDRO PEOPLE ENJOY PLEASANT OUTING.

SAN LEANDRO, June 9.—Over two hundred people from her attended the excursion and picnic of the Knights of Pythias, yesterday, at Sunset Park. San Leandro company took part in the battalion drill and acquitted itself most satisfactorily. All who attended affirm that they never spent a more pleasant ouring and are lavish in their praise of the manner in which the affair was carried on. There was absolute freedom from unpleasantness of any description and the arrangements provided for transportation and for entertainment were beyond criticism.

CONCERNING THE FRUIT CROP.

F. W. Howard, representing the Keystone Produce Company, of Los Angeles, of which he is vice president, was in town yesterday. He states that in his travels throughout the State and particularly in this locality, he has found the cherry crop excellent and of superior quality. The apricot crop while poor in this vicinity is so much above the average elsewhere in the State that the total yield will be about the same as last year.

PROMOTED TO MESSENGER POSITION.

Wm. Mariante, employed for some time by Wells, Fargo & Company, at this place, has been given the position of regular express messenger between San Leandro and San Jose. Mariante has worked faithfully in the company's interests and his promotion is well deserved. His numerous friends are pleased with his advancement.

ITEMS OF GENERAL INTEREST

Oakes & Palmer have employed M. Tigue, a harnessmaker from San Francisco, to work in their shop. Increase of business made the step necessary.

W. C. Kirkham, formerly a resident of this city, was here recently representing the San Joaquin Produce Association, of Los Angeles.

Mr. and Mrs. Simny, together with their family, were recent guests at the home of the former's brother, N. D. Simny. They reside in Oakland.

W. H. Bagge, at one time a citizen of this place was a visitor recently.

Mrs. J. Frates, of Sacramento, was a recent visitor at the home of her father, M. H. Garcia, on Haywards avenue.

Mrs. W. Jess, of Oakland, was visiting at St. Margaret's Sanitarium a few days ago.

J. Bettencourt has rented his house on the Hemme Tract to W. Cosbe.

J. Bradshaw, a former resident, was the guest of friends here during the past week.

Few of the smart gowns show any decided exaggeration of lacey undersleeves.

WILL GIVE A DANCE.

HIGH SCHOOL GIRLS OF HAYWARDS PLAN FINE TIME.

HAYWARDS, June 9.—Tonight a dance will be given at Native Sons Hall by a number of young ladies of the High School. Arrangements have been made for an affair of exceptional character and a very large attendance is expected. The hall has been beautifully decorated for the occasion by flowers of the season, and presents a very inviting appearance. Excellent music has been secured and the fair entertainers promise a pleasant evening to all who attend.

DIED AT SAN LORENZO.

Today the funeral will be held of Mrs. Emma Burke, who died Tuesday at the home of J. Baker, in San Lorenzo. Deceased was 38 years of age and leaves a husband and five children. The interment will be in San Lorenzo cemetery.

MANY CAMPERS.

Campers in great numbers are continually passing through this city on their way to Niles Canyon and Livermore, where their camps will be located during the summer. The country there is admirably adapted for camping and the ready facilities afforded for frequent visits to the large cities make the district particularly desirable for the purpose.

WILL BE GOOD PROGRAM.

The bill for the second week at the Novelty Theater promises to be even better than that of the first. The advent of vaudeville in Haywards is a decided novelty and has proven very attractive to all. The new program is as follows: The Robertsons, sketch team; McFadden, Irish comedian; Miss Lottie Kirk, pajama girl, Alfred Brooks, acrobatic dancing, Gloria Lyndonberry, illustrated songs; Carlson Sisters, juvenile artists; Charles E Royal, up-to-date minstrel; Miss Florence Hope, soubrette; Hazel Fish, Haywards little composer.

The entertainment will conclude with a one-act sketch by the entire company. On Saturday night the amateurs will be given a chance to show what they can do, and no little amusement is anticipated from this feature.

JOSEPH BERNARDO RECOVERING.

Joseph Bernardo, who has been very ill, is now convalescent. He was to have run for school trustee, but becoming ill, withdrew from the race.

LADIES' IMPROVEMENT CLUB.

The Ladies' Improvement Club met last Tuesday evening and transacted routine business. An election of officers was to have been held but for various reasons was postponed until next meeting. The members reported that everything was progressing favorably and that they were working individually to further improvements of every description in the city. Much good work in the past has been accomplished through the efforts of this organization and if their plans for the future meet with the ready encouragement they deserve much more may be done to beautify and improve than would be deemed possible to an ordinary observer. In this regard, a gentlemen who resides in Haywards, recently made the following statement:

"Haywards has peculiar natural advantages that make it an ideal residential section. Climate, location and facilities for trade and transportation are all that could be desired. All we need is an awakening. Something to bring life and progress into the spirit of the people—to make them see that all that is needed to make their town ideal is the proper amount of energy. Our stores are good, but they could be better. We have many beautiful homes but there is room for many more. It seems that this desired spirit has been infused into the people of late, and the result is new schools, new halls, a library and other public buildings. It is my belief that the Ladies' Improvement Club and the Boosters have done much toward this and I hope that not alone they, but everyone, who has the interests of his own at heart, will get in and work for a bigger and more prosperous Haywards."

TOWN NEWS IN BRIEF.

The Armstrong cottage on Chestnut street will be occupied during June and July by Samuel McMuller and family of San Francisco.

Mrs. Dressler, who has been very ill, is now almost entirely recovered.

Victor Owens, of San Jose, was in town recently.

H. J. Babcock, of the firm of E. A. Fargo & Co., of San Francisco, arrived in town yesterday, and was entertained by J. S. Doyle. Mr. Babcock is on his way home after a three days' drive to Danville and vicinity.

WATER FOR EL PASO.

SANTA FE, N. M., June 9.—Pennsylvania capitalists have organized a $2,000,000 company to supply water to the city of El Paso. The preliminary surveys have been completed. The water will be pumped from the underflow of the Mimbres river into a natural reservoir on the Florida plains south of Deming, and will be piped for almost 100 miles to reservoirs in El Paso.

CALIFORNIA WHEATINE
"is honest"
Flaked wheat.
2 lb. packages.
All high-class grocers.

FRUITVALE BOARD OF TRADE.

MEETING OF IMPORTANCE—EDWIN STEARNS OF OAKLAND A GUEST.

FRUITVALE, June 9.—The second meeting of the Fruitvale Board of Trade was called to order Tuesday evening last by Adolph Lorsbach, chairman.

The minutes of the previous meeting being read and approved, Daniel Crosby, M. D., reported for the committee on constitution and by-laws, reading those prepared and submitting them for adoption. It was voted to approve the draft so presented, not as a whole but by sections. A discussion then arose as to the completeness of some sections of the committee's report.

The chairman introduced Edwin Stearns, secretary of the Oakland Board of Trade, who made a few remarks concerning the work of such bodies and extended his best wishes to the organization, promising to do all he could to help it along. He said he believed that if the Boards of Trade of Alameda county would co-operate they would soon be in a position to demand that for which they are now obliged to ask from the Supervisors and similar municipal bodies.

Alfred Robinson moved that the entire constitution and by-laws be referred back to the committee for the purpose of amendment. If necessary, and for further consideration. He believed an attempt should be made to give them a broader scope and meaning and thought that with the co-operation of Mr. Stearns and by consulting the by-laws of the Oakland Board of Trade this could be accomplished. W. F. Dunlevy seconded the motion, with the amendment that the committee's report be laid over one week and a re-draft submitted for adoption at the next meeting. The motion was carried.

It was voted that the appointment of the executive committee be made by the chairman and by common consent the appointments were deferred until the final adoption of the by-laws.

E. H. Marwedel was unanimously chosen as delegate to represent the Fruitvale Board of Trade at the meeting of the California Promotion Committee in Sacramento on June 18. Mr. Marwedel asked to be excused and Mr. Lorsbach was selected in his stead.

Mr. Stearns stated that when the executive committee was appointed it could appoint as many sub-committees as were required, and named five such committees which represented the Oakland Board of Trade in various fields.

Mr. Grubb suggested that the educational facilities of Fruitvale be advertised by distributing literature and displaying photos of school-houses in public places, here and abroad.

Addresses were made by E. H. Marwedel and others.

At the conclusion of the meeting W. G. Thornally presented the board with a unique emblem in the shape of a substantial hammer to be used in "hammering down and exterminating, jointly and individually, all knockers found on the streets of Fruitvale or vicinity." The gift was accepted and placed in a conspicuous place. Ten new members were taken into the organization. The meeting was then adjourned until next Tuesday evening.

ENTERTAINMENT A SUCCESS.

The entertainment given Tuesday night at Fruitvale Hall by the Golden State Military band drew a large crowd and was a very successful affair. Selections by the band were followed by Barney's orchestra in overtures. Then there was a piano solo by Henry W. Foster, vocal solos by Miss Winnie Williams, selections by the Golden State Mandolin Club, a flute solo by Professor Wilbur and a trombone solo by Professor A. C. Parrot, who is director and manager of the band. Refreshments were served and the program continued, the same performers taking part but rendering different selections.

The band was organized about two months ago and has now fourteen members. So successful was the first concert that another will be given in the near future.

ELECTED OFFICERS.

At their last meeting Ah Wah Nee Tribe, No. 86, of the I. O. R. M., elected the following chiefs: Prophet, E. F. Van Alstine; sachem, W. B. Finley; senior sagamore, D. M. Hegarty; chief of records, F. Quinn; keeper of wampum, H. F. Cornwall; collector of wampum, L. A. Painter; medicine men, Drs. Callen, Crosby and Reilley, trustees, R. R. Clark and W. Bridge.

LOCKWOOD SCHOOL PICNIC.

Today the Lockwood School is enjoying its annual picnic at San Lorenzo Grove. Among the amusing features provided is a Maypole dance by the primary class, a beautiful Japanese drill by the girls from Miss Harris' class and patriotic choruses by Miss Maloon's class. There are also numerous recitations and songs to be rendered by individual pupils.

GRADUATION EXERCISES.

Tuesday night the graduation exercises of the Dewey School took place and a most delightful evening's entertainment was afforded those who attended. The school-house was packed to its doors.

HARPER'S RACE AGAINST TIME.

CHICAGO, June 9.—In a race against time with an L. L. D. degree as the prize, President Harper of the University of Chicago, will today start on a flying trip from Madison (Wis.), to Toronto. A special train to Chicago and the holding of a Michigan Central Express at Buffalo, by special arrangement, will be features of the trip.

President Harper is in Madison attending the jubilee of the University of Wisconsin, where he will be given an LL. D. degree today. This afternoon he will leave on a special train over the Northwestern, arriving in Chicago at 4:45 p. m. At 5:20 he will start over the Michigan Central, reaching Buffalo at 6:45 Central time. The hour scheduled for the departure of the train for Toronto is exactly the minute of the arrival of Dr. Harper's train from Chicago.

In Toronto tomorrow, Dr. Harper will deliver a convocation address in the afternoon at Toronto University and receive another LL. D. degree and leave for Chicago in the evening.

RELAY RACE FOR COWBOYS.

ALBUQUERQUE, N. M., June 9.—F. H. Leland, a veteran cavalry man and William Closson, a well known cowboy of this section, are organizing a 1200-mile relay race for cowboys, open to riders in New Mexico and Arizona, with the starting point in Albuquerque and the finish at the gates of the World's Fair grounds in St. Louis. Details of the contest have not yet been completed, but it has been decided to have relays at short intervals so as to obviate any charge of cruelty to animals.

The purse will be $1500 and will be offered by New Mexico cattlemen. There are already six entries in the contest and it is probable that the start will be made during the first week in July.

The distance from Albuquerque to St. Louis by rail over the shortest route is 1,180 miles.

MANY COTTAGES BUILDING.

RAPID STRIDES IN IMPROVEMENT ON GOLDEN GATE PROPERTIES.

GOLDEN GATE, June 9.—The most noticeable thing along the line of rapid improvement in Golden Gate is the erection of cottages and buildings, both on the side streets and San Pablo avenue. On nearly every street leading from the main thoroughfare cottages are being erected on lands which have been bought when the prices were lower and warranted an investment in landed property. The time has come when the land, especially on the east side of the avenue, has enhanced in value and investors are rapidly taking advantage of the times and erecting houses and cottages, either for rent or for personal benefit.

Aside from the erection of residences, the streets themselves are being improved and put in a more passable condition. Fifty-sixth street is probably more in need of repair than any other of the side streets, especially above Park street and in that immediate vicinity. Some improvements have been made at the foot of the street where it meets San Pablo avenue and during the summer months not so much inconvenience is felt by the residents of this district. But in the winter months the street is almost impassable and great inconvenience is suffered by those who live on this street. It is hoped by the people who are compelled to use Fifty-sixth street that before next winter they will be benefited by the improvement of the street.

PERSONAL NOTES.

W. P Joseph, a business man of this place, has just returned from a trip to Los Angeles.

H M. Gibson left recently for Sacramento, where he will be absent a few weeks visiting relatives and friends.

C. H. Mott left yesterday for a trip to New York. He may also take in the St. Louis Exposition on his return.

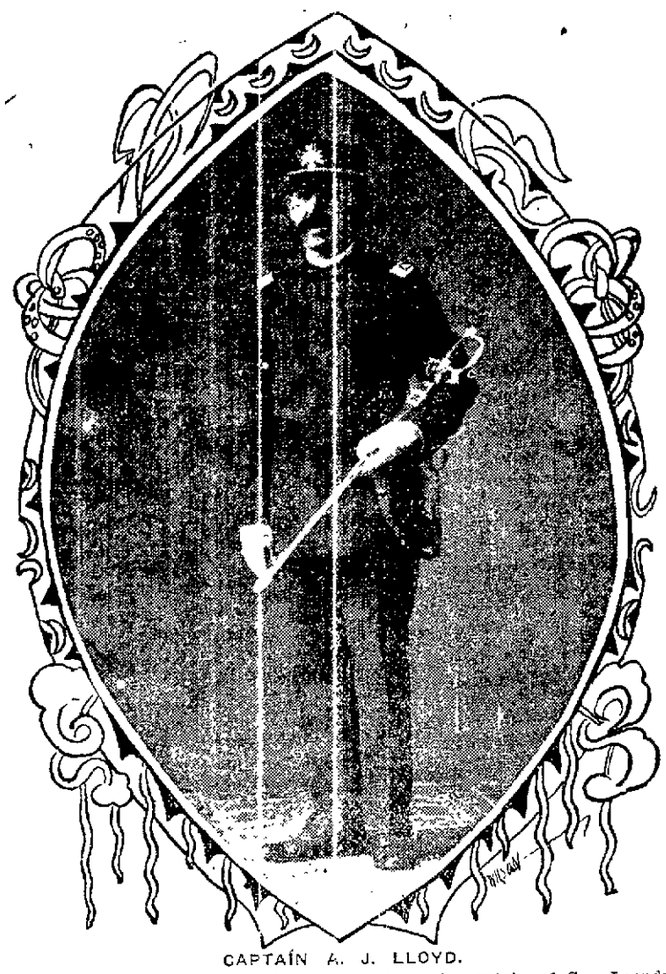

There will be two ball games on the Freeman's Park diamond next Saturday. A team may also play tomorrow with a San Francisco nine, but this has not as yet been fully determined upon.

Mrs. M Aggassiz died Tuesday night at her late residence, corner of San Pablo avenue and Sixty-first street. The deceased was 1 years of age and had been a resident here for a short time.

From the knee down there cannot be too much width and fluffy "frout."

Pears'
is not only the best soap for toilet and bath but also for shaving. Pears was the inventor of shaving-stick soap.
Established over 100 years.

CAPTAIN OF SAN LEANDRO COMPANY K. OF P.

CAPTAIN A. J. LLOYD.

A. J. Lloyd, whose portrait appears above, is captain of San Leandro Company, Knights of Pythias and has done much to build up the local lodge. Mr. Lloyd is local manager of the San Leandro Gas Company and assistant secretary of the Suburban Light Company.

San Leandro Company, Knights of Pythias, has been organized scarcely more than six months, but already has fifty-seven members and is growing rapidly.

IN LABOR UNION CIRCLES.

VICE PRESIDENT SCHMIDT SPEAKS BEFORE BUTCHERS—CARPENTERS ELECT.

The Butchers' Union met last night and transacted routine business. Vice President Scamidt, of the International Union, was present and spoke at length upon local conditions. In the course of his remarks he said:

"The Co-operative Meat Company was born of the necessity of the Oakland Meat Cutters to protect themselves and furnish honest employment to those who were locked out. It will unquestionably be a permanent institution. I consider the conditions of this union flattering in the extreme and the success of your enterprise phenomenal."

A number of the directors of the Co-operative Company were present and spoke. Members of the union made remarks expressing their feelings in the matter. The meeting was large and of an enthusiastic character, the remarks of Mr. Schmidt, in particular, being greeted with unstinted applause.

WILL BE BURIED BY HIS UNION.

C. Brehm, a member of the Cooks and Waiters' Union, died last night at the Receiving Hospital of liver complaint. For some time he has been ailing mentally and physically and his case was known to be hopeless from the start. He will be buried to-morrow by the union.

PLUMBERS' UNION.

At the meeting of the Plumbers' Union last night there was an unusually large attendance. A donation to a sick member was made. John Scott, who defeated Al. Blakely in the race last Saturday at the Master Plumbers' picnic, has received word from his opponent that he desires a return match for the same prize of $50 a side, at the Master Plumbers' outing at Santa Cruz in two weeks. On Labor Day, the base ball nine of the Plumbers' Union will play the bricklayers' team. A bet of $150 has been laid between George Fitzgerald, manager of the Plumbers' nine and Wm. J. Baccus of the Bricklayers.

SODA WATER DRIVERS.

The Ice, Soda and Mineral Water Drivers' Union recently celebrated the signing of their new agreement with a banquet. The provisions of the agreement are a change of hours in winter of from 7 o'clock in the morning to 5 in the evening. In summer the time remains as before excepting that a provision is made to cut out overtime. The employers express satisfaction with the union owing to the restraining influence it exerts over the men, disciplining them for laxity in the discharge of their duty.

Every member was present at the banquet and speeches, songs and recitations were indulged in. The committee in charge of the affair was composed of C. Rimassi, J. Hoffman, J. Hewitt, E. O. Bell, P. Lanane and F. Faro, Jr.

TO HAVE BENEFIT.

On June 20, the Laundry Drivers' Union will have a benefit at Pex Theatre and expect to realize a considerable sum therefrom.

There were ten applications submitted to the District Council of Teamsters last night. Favorable action was taken upon them. No delegates will be sent to the convention as there are already two from this county appointed.

CARPENTERS' UNION, No. 36.

Election of officers engrossed the carpenters for the major portion of the evening.

The following were elected: President, Wm. Rumba; vice president, Wm. J. Gibby; recording secretary, R. G. Wilson; financial secretary, C. Maker; treasurer, J. J. Overum, conductor, N. B. Miller; warden, A. Reinhardt; trustees; Messrs. Weckworth, Starkey and Thompson; auditors, Messrs. Scott and Yates; delegates to the District Council: Messrs. Overton, Raymond, Maker, Weckworth, Ford and Thompson.

Two candidates were initiated to membership.

ROAD IS WELL UNDER WAY.

SEOUL, Korea, June 8, 4.30 p. m.—(Delayed in transmission.)—The Associated Press correspondent has just accompanied United States Consul Paddock and secretaries on a seventy-two mile run over the Seoul-Fusan railroad. For a distance of twenty-two miles from Yong-Tung to Po-Suwon there is a regular daily passenger service, but for forty-five miles further to Chun-Wi only construction trains run after the first ten miles. This distance is practically completed. Beyond that round bridges four to six of sixty-foot spans, with only their piers finished, and in many cases merely cofferdams constructed preparatory to laying masonry work. The line at these points leaves the embankment and crosses temporary timber structures. Cuttings are not often necessary and with one exception there is no difficulty in laying track at the rate of one mile per day. There is still sixty-two miles uncompleted of the embankment, but work is being carried on very rapidly. At several points en route the country folk were seen busy in the rice fields. The future transportation of this product will afford great commercial advantages in the matter of military supplies and will demonstrate the value of the road.

RAILROAD TO CHANGE HANDS.

NEW YORK, June 9.—Negotiations are in progress and are expected to be completed within a few days, according to the Herald, whereby control of the Cincinnati, Hamilton and Dayton railroad, known as the "Natural Gas Route," will change hands. The syndicate now in control of the Pere Marquette system, probably will have a powerful if not dominating voice in the affairs of the Cincinnati, Hamilton and Dayton.

Eugene Zimmerman of Cincinnati, who is one of the largest stockholders, has been in the city several days participating in preliminaries looking to the passing of the control of his property. Associated with him is Henry F. Shoemaker, of this city, also a large stockholder. These two men have been in conference with representatives of Pere Marquette lines.

Incidentally it became known that the Pere Marquette has secured control of the Toledo Belt Railway, which was built by S. F. Fordy Company. Bankers have received propositions to buy $3,500,000 of bonds on this property, the bonds to be jointly guaranteed by the Cincinnati, Hamilton and Dayton and the Pere Marquette.

At Toledo two big systems will connect and the acquisition of the Toledo belt line is considered a valuable factor.

Officials of the Cincinnati, Hamilton and Dayton, while admitting that a change in the control of their property was about to be made, refused to confirm the report that the Pere Marquette would absorb it. The deal is likely to be closed this week.

The Zimmerman road runs through a rich manufacturing center of Ohio and Indiana in the natural gas fields of these States. It operates more than 650 miles of line and has a capital of $16,000,000 with $15,000,000 of bonded indebtedness in addition.

ADMIRAL TOGA NEAR PORT ARTHUR.

TOKIO, June 9, Noon.—Admiral Togo reports that on the night of June 7, he sent eight small torpedo boats from the battleships of his squadron to make a reconnaissance of Port Arthur harbor. The boats went far inside the heads and were exposed to the Russian fire. One sailor and one petty officer were killed in the operation but the boats escaped undamaged.

Admiral Kataoka reports that on June 6th he landed men on San Shan and Taku islands in Talienwan Bay for the purpose of making a reconnaissance. They found many of the buildings thereon were only partially destroyed. In the hospitals some supplies were also found.

GIRLS HAVE AN OUTING AT PIEDMONT SPRINGS.

BERKELEY, June 9.—A delightful picnic was enjoyed yesterday at Piedmont Springs by a jolly party of nine young ladies from this city. The day was a perfect one for an outing. The party left this city at 9 o'clock yesterday morning and returned at 5 last evening, after having spent a most enjoyable day.

At noon a delicious lunch was spread under the shade of the low-hanging trees, with great masses of flowers for decorations and the picturesque Piedmont Canyon for a background. The girls were kept in continual laughter by the toasts that were given by the different members of the party.

The girls who enjoyed the outing were Miss Florence Hatch, Miss Rose Hizar, Miss Margaret Hizar, Miss Hazel Bell, Miss Annie Ibsen, Miss Ruth Seely, Miss Minnie Macelvoy, Miss Ethel Barrows and Miss Mattan Ansley.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents.

With army officers Jesse Moore "AA" whiskey is very popular.

SANTA FE IS THE WAY

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain. Sold at $1.00 per bottle by druggists. Our book of priceless value to all women sent free. Address

BRADFIELD REGULATOR CO., Atlanta, Ga.

CANNERIES WILL SOON OPEN.

PEOPLE LOOKING FORWARD TO WORK DURING SUMMER MONTHS.

EMERYVILLE, June 9.—An industry that will be of great benefit to Emeryville and which is well along toward completion will soon be in operation and will furnish employment for about 400 to 500 persons. This is the new canneries that will occupy the premises made vacant by the old canneries, which removed their headquarters to San Francisco a few months ago. The shipping facilities, it was said by the old canneries people, did not furnish prompt enough deliveries.

The new canneries are a consolidation of several small factories which have been operating in the northern part of the State, but owing to the scarcity of fruits in those districts the canneries people found it necessary to consolidate and remove nearer the south. Work is going along rapidly and by the 1st of the month the works will be ready for operation. New machinery and a general renovation of the buildings is under way and the people are looking forward to a prosperous season for an industry that brings such great benefit to this growing town.

COBURN'S ABSENCE.

Judge John C. Coburn left for the East yesterday. During his absence no court will be held at the Town Hall.

TOWN HALL GRADING.

The grading and seeding of the grounds in the immediate vicinity of the Town Hall has practically been completed. The improvement made on the grounds gives an entirely different appearance to the hall surroundings.

ALONG THE TRACKS.

The Santa Fe Company, while they have completed the work at the station and on the east side of San Pablo avenue, is busy grading along the side of the tracks on the west side of the station. It is stated that before long the company will begin the laying of the tracks in the proposed switch-yard which will be located north of the tracks now laid and in the grounds now owned by the Realty Syndicate. When the proposed bringing in of the Santa Fe was first known and acted upon the side streets leading from Park avenue were closed. The new switching yards will be at the foot of these streets.

MOVEMENTS OF STEAMERS

Steamers due and to sail today and for the next seven days are as follows:

DEPART.

Steamers.	For—	Sails.
Chico	Astoria and Portland	June 10

The regular annual meeting of the stockholders of the Oakland Cremation Association will be held at the principal office of said corporation—said principal office being situated in the Crematorium and office building, corner of Howe and Mather streets, Oakland, Alameda County, California, on the 20th day of June, 1904, at the hour of 1 o'clock P. M. of said day; said meeting being held for the purpose of electing a Board of Directors to serve for the ensuing year and for the transaction of such other business as may come before the meeting.

JAMES DALLAS,
Secretary of the Oakland Cremation Association.

Dated May 28th, 1904.

Principal Office, Crematorium and Office Building, corner of Howe and Mather streets, Oakland, Alameda County, California.

LEGAL.

PROPOSALS

FOR SUPPLIES.

For the County of Alameda, State of California, required for the various departments of the county government.

Sealed proposals will be received by the Board of Supervisors of Alameda County, at the Board Rooms, in the Annex to the Hall of Records, in the City of Oakland, County of Alameda, State of California until 10 o'clock A. M. on Monday, June 20, 1904, (at which time and place they will be opened in the presence of the bidders), for furnishing and delivering at such times and in such places and in such quantities as may be required, supplies for the Alameda County Infirmary, the various departments of the county government, Hall of Records, at the County Jail and Receiving Hospital of the County of Alameda, consisting of fish, drugs and chemicals, stationery, wood and coal, groceries, provisions, etc. dry goods, clothing, etc., meats, etc. fruits and vegetables, wines and liquors, from date of contract to June 30, 1905, inclusive, as per specifications and provisions of schedules to be furnished by the Clerk of this Board, adopted by this Board June 6th, 1904, and according to conditions and requirements in such schedules contained.

The County of Alameda, through the Board of Supervisors, reserves the right to use in the several departments of the county government greater or less quantities than enumerated in the proposals and schedules should the public interest so require bids to be awarded to the person or persons whose bid is the lowest on any item or items.

The Board of Supervisors, also, in considering said bids reserves the right to accept, or reject all or any of said bids or proposals should the public interest so require.

Samples, where required, are to be presented for examination by the Board of Supervisors at the Board room, the same to be properly marked with name of bidder and schedule number. Samples submitted by successful bidders to become the property of county without cost. County to have the right to deduct amounts due contractors for any claims that may accrue through breach of contracts.

No bid will be considered unless made upon said schedules nor unless accompanied by certified check payable to the order of John P Cook Clerk of the Board of Supervisors, certified to by some responsible bank for an amount which shall not be less than 10 per cent of the aggregate amount of the proposal or proposals which it accompanies.

Said check to be forfeited to the County of Alameda, as agreed and liquidated damages, should the party or parties to whom the contract shall be awarded fail to enter into the contract within ten (10) days after the award, or fail to give a bond required by the Board for the faithful performance of the contract.

Payment for all supplies will be made in the manner prescribed by Art. 21, Sec. 25 County Government Act of the Legislature of the State of California.

All bids must be enclosed in sealed envelopes, addressed to the Board of Supervisors of Alameda County, and be endorsed on the envelopes furnished by the Clerk "Proposals for furnishing supplies for the County of Alameda required by the various departments of the county government," giving the general name and number as on the schedules or as otherwise provided in schedules.

Dated, June 6, 1904.
JOHN MITCHELL,
Chairman of the Board of Supervisors, Alameda County, California.
(Seal) Attest: JOHN P. COOK, Clerk

TRUSTEES' SALE.

In accordance with the terms and under the authority of a certain deed of trust duly executed and delivered by M. L Payne (formerly M. L Bradway), the party of the first part, to F. C. Watson and M C. Lowry, trustees, parties of the second part, and F J Woodward the party of the third part, dated December 24, A. D 1902, and recorded in the office of the County Recorder of the County of Alameda, State of California, in Liber 888 of Deeds, at page 150 et seq., and in pursuance of a written demand made upon the undersigned by E Pfankuchen, the owner and holder of a certain promissory note dated December 24, 1902, made and delivered by the said M. L. Payne (formerly M. L. Bradway) to the said F. J. Woodward to secure the payment of which the aforesaid deed of trust was executed, declaring that default had been made in the payment of the interest and other sums due under said promissory note and deed of trust, and requiring and directing the said F. C. Watson and M. C. Lowry, trustees named in said deed of trust, to sell the real estate described therein, or such part or parts thereof as shall be necessary to satisfy the said indebtedness of said M. L. Payne (formerly M L. Bradway) to the said E. Pfankuchen.

The undersigned, as said trustees, do hereby give notice that on Monday, the 27th day of June, 1904, at 12 o'clock noon of that day, at the auction salesrooms of the Realty Bonds & Finance Company (Inc.), No. 1172 Broadway, in the City of Oakland, County of Alameda, State of California, we will sell at public auction, to the highest bidder for cash in gold coin of the United States, the piece or parcel of land situate in the City of Oakland, County of Alameda, State of California, described as follows, to-wit

Commencing at a point formed by the intersection of the easterly line of Lowell street with the northerly line of Arlington avenue, running thence easterly along said line of Arlington avenue forty (40) feet; thence northerly and parallel with said line of Lowell street two hundred and one and 20-100 (201 20) feet to the southerly line of Grace avenue; running thence westerly along said line of Grace avenue forty (40) feet to the said easterly line of Lowell street, thence southerly along said last named line two hundred and one and 20-100 (201.20) feet to the point of beginning.

Being lots numbers one (1) and eight (8) in Block "K," as the said lots and block are numbered, delineated and so designated upon the map of the Golden Gate Tract, filed April 28th, 1890, in the office of the County Recorder of said Alameda County.

Together with the appurtenances.

Terms of sale Cash in gold coin of the United States; ten per cent payable to the undersigned on the fall of the hammer, balance on delivery of deed; and if not so paid, the said ten per cent to be forfeited and the sale to be void

The said party of the third part named in said deed of trust his successors, assigns, heirs and representatives, or any other person, may purchase at the said sale. Acts of sale at purchaser's expense.

Dated, June 1, 1904.
F. C. WATSON, Trustee.
M. C. LOWRY, Trustee.

NOTICE TO CREDITORS.

In the Superior Court, in and for the County of Alameda, State of California.—No. 9222, Dept. 4.

Notice to creditors. Estate of E. C. Hagar, deceased.

Notice is hereby given by the undersigned, the administratrix of the estate of E. C. Hagar, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them, with the necessary vouchers, within ten (10) months after the first publication of this notice to the said administratrix, at the law office of Arthur G. Tasheira Esq., room 171 Crocker Building, corner of Market, Post and Montgomery streets, San Francisco, California, the same being her place for the transaction of the business of the said estate.

CLARA HAGAR,
Administratrix of the estate of E. C. Hagar, deceased.
Dated at Oakland, June 2nd, 1904.
ARTHUR G. TASHEIRA,
Attorney for Administratrix, 171 Crocker Building, San Francisco, California.

OFFICE OF THE
Assessor of Alameda County

POLL TAX NOTICE

Oakland, March 2, 1904.

Notice is hereby given that the State Poll Tax of two dollars for the year 1904 is now due, and payable at my office, room one, Court House, or to a Deputy Assessor.

Sec. 3839 of the Political Code reads as follows

Every male inhabitant of the State over twenty-one and under sixty years of age, except paupers, insane persons and Indians, must annually pay a Poll Tax of two dollars, provided the same be paid between the

FIRST MONDAY IN MARCH AND THE FIRST MONDAY IN JULY

Then it shall be three dollars

Sec. 3846 of the Political Code makes it the duty of the Assessor to demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay, he must collect by seizure and sale of any personal property owned by such person."

Under Sections 429 to 435 every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor and liable to a fine of $500 or imprisonment in the County Jail, or both such fine and imprisonment.

Only those persons under twenty-one or over sixty years of age are exempt. Poll Tax must be paid on demand.

HENRY P. DALTON,
Assessor of Alameda County.
Oakland, California.

OFFICE OF THE
Assessor of Alameda County

NOTICE TO TAXPAYERS

Oakland, March 2, 1904.

All Persons, Firms, Companies, Corporations and Associations, are required to deliver at the Assessor's office, at the Court House, City of Oakland, County of Alameda on or before April 1st, 1904, a statement under oath of all the property, both real and personal, owned or claimed by him, her or them, or in their possession or held in trust for others, at 12 o'clock meridan on the

FIRST MONDAY OF MARCH 1904

In accordance with Sec. 3629, Political Code.

Every person who refuses or neglects to furnish the statement as provided for in Section 3269, Political Code, becomes liable to a fine of one hundred dollars and the value fixed by the Assessor on their property must not be reduced by the Board of Equalization

All persons owning real estate that has been assessed in the wrong name, or errors have appeared on their tax bills, are requested to call at the Assessor's office or notify the Assessor by mail on or before April 1st, 1904, so that the proper corrections may be made on the assessment roll for the year 1904.

ASSESSMENT BLANKS may be obtained at the Assessor's office, room one, Court House, or from any Deputy Assessor.

HENRY P. DALTON
Assessor of Alameda County.
Oakland, California.

DISSOLUTION OF CORPORATION.

In the Superior Court of the County of Alameda, State of California

In the matter of the voluntary dissolution of the West Oakland Masonic Hall and Building Association, a corporation

The West Oakland Masonic Hall and Building Association, a corporation, having on the tenth day of May, 1904, made application in writing to the Honorable Judge of the Superior Court of the State of California, in and for the County of Alameda, for an order declaring and adjudging said corporation be dissolved, and said Judge having thereupon ordered that said application in writing be filed with the Clerk and that the Court give not less than thirty or more than fifty days' notice of said application by publication thereof in the Oakland Tribune, a newspaper published in the City of Oakland, County of Alameda, State of California; and the undersigned Clerk having thereupon on said day filed said application,

Now, in accordance with said order, notice is hereby given that said application is set for hearing in Department 2 of the Superior Court of the County of Alameda, State of California, at the Courtroom of said Department, on the 13th day of June, 1904, at the opening of Court in said Department on said day or as soon thereafter as Counsel can be heard, at which time and place any person may file his objections to said application, and show cause, if any he has, why said application should not be granted.

JOHN P COOK,
Clerk of said Superior Court.
By H L Breed, Deputy Clerk.
Dated May 10th, 1904.

PROBATE NOTICE.

In the Superior Court of the County of Alameda, State of California.

In the matter of the estate of Bernard McGinnis, deceased.

Notice of time set for proving will, etc.

Notice is hereby given that a petition for the probate of the will of Bernard McGinnis, deceased, and for the issuance to W. F. Kroll and Delia McGinnis of letters testamentary thereon has been filed in this Court, and that Friday, the 10th day of June, A. D. 1904, at 10 o'clock A. M. of said day, at the Court Room of Department No. 4 of said Court, at the Court House in the City of Oakland, in said County of Alameda has been set for the hearing of said petition and proving said will, when and where any person interested may appear and contest the same.

Dated May 28, 1904.
JOHN P. COOK, Clerk
By A. A. Rogers Deputy Clerk.
M. C. CHAPMAN, Attorney for Petitioners, 905 Broadway, Oakland, California.

ANNUAL STOCKHOLDERS' MEETING.

Notice is hereby given that the annual meeting of the stockholders of the Sunlight Mining & Smelting Company, a corporation, will be held at the office and principal place of business of the company, 927 Linden St., Oakland, Cal., June 14, 1904, at 8 o'clock P. M., for the purpose of electing a Board of Directors to serve for the ensuing year and for the transaction of such other business as may come before the meeting.

EMMA S PFLUGER, Secretary.
Oakland, Cal., May 31, 1904.

IMPORTANT

NOTICE TO VOTERS

REGISTRATION

Office of the County Clerk,
Alameda County, Cal.

NOTICE IS HEREBY given that in accordance with the provisions of Chapter 53 Statutes of 1899, all voters of Alameda County must apply for re-registration in order to be able to vote at the General Election in November, as every name on Great Register was cancelled January 1st, 1904.

Owing to the fact that there is no provision of law providing assistance for the Clerk to register voters, IT IS IMPORTANT THAT VOTERS SHOULD APPLY FOR REGISTRATION AT ONCE IN ORDER TO EXPEDITE THE WORK.

Such re-registration began on the 1st day of January and will be in progress at all times until forty days preceding the next election in November.

In order to facilitate the work of re-registration, attention is called to the provisions of Section 1097 which reads as follows:

Sec. 1097. No person's name must be entered by the Clerk unless:

1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry to be made.

2. If a naturalized citizen, upon the production of his certificate of naturalization, which certificate must be issued ninety days prior to the succeeding election, or upon his affidavit that it is lost and out of his possession, which affidavit must state the place of his nativity and the time and place of his naturalization, together with his affidavit that he has resided in the United States for five years, and in this State for one year next preceding the time of application, and that he would be an elector of the county at the next succeeding election, provided, however, if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties, or cities and counties of this State, his name must not be entered by the Clerk unless he produces a certificate of such registration, issued by the party authorized by law to issue such certificate, which certificate shall be prima facie evidence of his naturalization.

3. If born in a foreign country, upon his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States, and under the age of twenty-one years, and that he is or would be an elector of the county at the next ensuing election.

4. In other cases, upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election.

Further notice is hereby given that Affidavits of Registration must be sworn to before the County Clerk or his deputies, and that they can not, owing to the provisions of the new Registration Law, be sworn to before any other officer.

The office of the County Clerk will be, until further notice, open for registration from nine a. m. until five p. m. each day.

JOHN P. COOK,
County Clerk, Alameda County.

Dated March 5, 1904.
(Seal)

ANNUAL MEETING

The regular annual meeting of the stockholders of the San Francisco, Oakland and San Jose Railway will be held at the principal office of said corporation, said principal office being situated at number 708 San Pablo avenue, Oakland, Alameda County, California, on FRIDAY, the 10th day of June, A. D. 1904, at the hour of four o'clock P. M. of said day; said meeting being held for the purpose of electing a Board of Directors to serve for the ensuing year, and for the transaction of such other business as may come before the meeting.

SAMUEL J. TAYLOR,
Secretary of the San Francisco, Oakland and San Jose Railway.
Dated, May 26th, 1904.
Principal office, Number 708 San Pablo Avenue, Oakland, Cal.

NOTICE.

All persons are hereby cautioned not to trust any one on account of The Tribune Publishing Company without a written order signed by an officer of this corporation. And indebtedness incurred without said order will not be recognized.

TRIBUNE PUBLISHING CO.,
By W. E. DARGIE, President.

ENGINEER ADAMS TELLS OF VALUE OF CONTRA COSTA WATER WORKS.

Affidavit Read in the Circuit Court—Bankers Tell What They Deem Would Be a Fair Interest Return on Investment.

When THE TRIBUNE'S water rate case closed yesterday afternoon, Mayor Olney was speaking in opposition to the introduction of affidavits by the Contra Costa Water Company. Continuing he said:

"The same practices as when our constitution was adopted, in the matter of equity, prevail now. Under the rules of practice, no affidavits can be filed after the defendant's answer has been filed.

"There is another reason which cuts deeper than mere rules of practice. It is that this court is required to pass on the acts of a legislative body. In this case, it is an attempt to make a legislative body of this State to come into court and show why their acts should not be set aside as fraudulent. Proper respect from one branch of the government to the other is here involved. The charges should be made most clearly and explicitely. Unless a case is made out claiming that the City Council has acted arbitrarily, this court has no jurisdiction whatever.

"The United States Supreme Court has said that the United States Courts do not sit to fix water rates or railroad rates. The court is only to interfere when the legislative body acted in an oppressive way. This is not a case of John Brown against William Smith. It is not a case where private parties are concerned. It is a case where the judicial portion of the government is asked to reach out its arm and arrest the machinery of the legislative branch of the government. This court should not overrule the decision it has made itself and permit the reading of these affidavits."

AID CONSCIENCE.

Attorney Heney said it was true that courts of equity were hampered in the early day by strict rules "It took the court a long time," he continued, "to break away from technical rules, and, today, the sale question which appeals to a chancellor is not, 'Has the plaintiff made his case,' but 'Has the plaintiff made such a showing that he may win his case,' and in such an event an injunction should be granted. It is discretionary for your honor to allow us to call many witnesses for the purpose of enabling your honor to satisfy your conscience in this case.

Rules are made for the expedition of the business of the court, not for the purpose of preventing litigant from getting justice. What are the facts of this case? The constitution requires the Council to fix the rates in February. The defendants say they did not fix the rates till later. That is no excuse when it was shown that a verified statement had been filed by the Water Company with the Council in January If the Council had acted upon that statement, the rates would have been fixed in time to enable the company to have filed a complaint at a much earlier day. Instead, the Council did not pass the ordinance until May 31. In my presence, Mr. McEnerney asked Mr. Olney if he could give us the affidavits or as many of them as were ready and these were refused."

ASKING FOR AFFIDAVITS.

There was a chorus in an undertone of denial of this statement, when Mr. McEnerney interrupted, and saying:

"Mr. Olney, did I not, after adjournment ask you to give us your affidavits? Did I not ask you if you couldn't give us all of them to give some of them?"

"I don't think you did," said Mayor Olney.

"Did I not send you a letter asking you, in the event that you could not give us all your affidavits to give us as many as you could?"

The Mayor's answer was lost in a little excitement, whereupon Mr. McEnerney exclaimed with some warmth

"Well, I say you did."

"You may have done so," said Mayor Olney, "but that makes no difference."

ANTICIPATED COUNCIL'S ACTION

"We could not," said Mr. Heney, "anticipate anything that the Council would do. We could not anticipate the 30 per cent reduction on the evening of May 31. I spent from 8 o'clock until 11 o'clock, dictating this bill of complaint. It was a physical impossibility to get the data contained in Mr. Adams' affidavit into the complaint. In the Spring Valley case, Judge Morrow allowed the Water Company to file affidavits after the answer of the city had been filed. There were no technical points filed. The humblest citizen of the United States will receive the same treatment as any county State or municipal government. In this case, your honor, in the matter of the temporary injunction, you can require of the Contra Costa Water Company a bond which will protect the consumers for every cent paid in. The city can be protected. But now, take the position of the company. If it should operate under the new schedule, it would be remedyless. More than one half of the consumers do not own their own homes. They keep moving around. The Water Company would not have any recourse against them."

SERVING AFFIDAVITS.

Mayor Olney—I submit to this court that the rules of court are not technicalities. If the Water Company so wished they could serve us with these affidavits on Monday. As counsel for the complainant says this court might have issued a temporary injunction without giving the city notice. The court can do many things that it should not do. I do not suppose this is the time to follow counsel on the other side with a discussion on the question of irreparable injury being done the complainant.

The Court—That may follow later.

Mayor Olney—I submit that we are entitled to the protection of the court. We have not taken the attorneys of the water company by surprise. On Monday last they had the affidavits ready. They could have been served then.

UNDERSTANDING INTENTION.

Mr. McEnerney then continued the argument in favor of the contention of Mr. Heney of the right of the complainant to read affidavits in the matter of applying for injunctions. "There is not a dispute," he said, "that we understood they intended to serve affidavits upon us. It is within the experience of every man who has practiced in this court that the right to introduce affidavits has been granted with extreme liberality. We received the impression that they would not come in solely with their answer, but that they would come in with affidavits, and that your Honor would have the right to exercise your discretion as has been exercised in many cases, namely in the Southern Pacific and the grain rate case."

Mayor Olney—They have assumed that we were going to file affidavits when there was no reason for it.

Judge Gilbert—I desire to have all the light possible in this case and I will permit the affidavits to be filed, and will permit you (the city of Oakland) to file affidavits in answer to them.

An exception was taken by counsel for the city to the ruling which set aside the objection of the city.

ARTHUR L. ADAMS.

Mr. Heney then proceeded to read the affidavit of A. L. Adams, which is as follows:

"Arthur L Adams, being duly sworn, deposes and says That he is a member of the American Society of Civil Engineers, and that he graduated from the engineering department of the Kansas University in the year 1886, and that he practiced continuously thereafter in general lines of engineering up to and until the year 1890, and that since the year 1890 he has been engaged continuously and exclusively in the line of hydraulic engineering and in the management of water works properties, and that during said last mentioned time he has designed and supervised the construction of water works at the following places, to-wit: Dayton, State of Washington; Waitsburg, State of Washington; Colfax, State of Washington; La Grande, State of Oregon; Astoria, State of Oregon, and Porterville State N California; and that during that time he has prepared plans for the reconstruction of the water works at Centralia, State of Washington and at Pendleton, State of Oregon, and that during said time he has reported on projected new systems for water works for Lakeport, State of California; Oceanside, State of California; Eureka, State of California and Missouli, State of Montana; and that during the years 1898, 1899 and 1900 he was chief engineer and manager for the West Los Angeles Water Company and the West Side Water Company of the City of Los Angeles, State of California; and that during the years 1901 and 1902 he was chief engineer and manager of the Contra Costa Water Company, in the County of Alameda, State of California, and that since said year 1886 he has made expert valuation of a number of water works properties and has filled many other engagements, and that he is at the present time practicing as a consulting hydraulic engineer and maintains an office for the transaction of his said business at room 822, Hayward Building, in the City and County of San Francisco, State of California.

ACQUAINTED WITH PLANT.

"The affiant is thoroughly acquainted with the character and kind of materials used in the construction of each and all of the works of said Contra Costa Water Company which are used by it and are useful and necessary in its business of supplying the city of Oakland and its inhabitants with pure, fresh water for domestic and private purposes, and is also thoroughly acquainted with the watersheds, filter-beds, reservoirs, dams, pumping stations, conduits, pipe lines and distributing untilities of said Contra Costa Water Company which are used by it in supplying pure, fresh water to said city of Oakland and its inhabitants; and that he is thoroughly acquainted with the value of said works and with the cost of reconstructing said works, and with the value of the water rights of said complainant corporation and that he knows the location and present condition of all of complainant's reservoirs, watersheds, filter--flats, head works, conduits and distributing utilities, and the use that is being made thereof by said complainant corporation in distributing water to the city of Oakland and its inhabitants.

PROPERTY VALUES.

"And affiant further avers that the value of complainant's properties, excluding its franchise, and including among other things its reservoir sites, watersheds, filter plants, head works, conduits and distributing systems, which are at the present time used and useful and necessary in distributing water to said City of Oakland and its inhabitants, based upon his knowledge and experience aforesaid, is at least the amount set forth in the following tabulated statement as to all matters and things therein stated, except the values of lands given therein under Subdivision '(7)', and that as to the value of the lands enumerated under Subdivision '(7)', affiant is informed by prominent real estate dealers who are engaged in business in said City of Oakland, and believes and therefore avers that tho values therein set opposite said lands enumerated in Subdivision '(7)' are the reasonable present market value of the same that is to say

WATER SUPPLIES AND WATER RIGHTS.

"1.—Lake Chabot, having a storage capacity of about 5,500,000 gallons and a yielding capacity of 8,000,000 gallons per day, having a tributary drainage area of about forty-three square miles, 5500 acres of which is owned by the Water Company, the said lake being artificial in character, created by the construction of an earthen dam 127 feet high above the bed of the original stream and having appurtenant thereto all necessary wasteways, tunnel outlets and controlling works, also all water rights on the San Leandro creek, from the said reservoir to San Francisco Bay.

"Structural features, not less than $1,046,997.

"Riparian water rights on San Leandro creek, between the said reservoir and San Francisco Bay, not less than $50,000.

"5500 acres of land, $600,000

"Total, not less than $1,696,997.

ARTESIAN WELLS.

"2.—A system of artesian wells near Alvarado, located on a tract of 377:54 acres and having a yielding capacity under natural flow of 5,000,000 gallons per day, the said wells being connected with all necessary protecting and controlling structures and devices to a main pipe line leading to the pump at the pumping station. Exclusive of the real estate values for agricultural purposes, at not less than $594,000.

LAKE TEMESCAL.

"3—Lake Temescal, having a storage capacity of 250,000,000 gallons and a drainage area of two and one-half square miles and a yielding capacity of about 340,000 gallons per day, the said reservoir being created by the construction of an earthen dam over 100 feet in height, and having all necessary wasteways and regulating works necessary for its use and control. Connected therewith is land owned by the company to the extent of sixty-nine acres; also such water rights between the said reservoir and San Francisco Bay as are necessary for the control of the entire flow of the stream. Exclusive of all real estate (structural works only), at not less than $335,424.

"4—Water rights on Sausal creek which enable the company to utilize from that source water to the extent of about 400,000 gallons per day, at not less than $57,000

"5—A system of tunnels in the Piedmont hills from which is derived and used water to the extent of about 117,000 gallons per day. Exclusive of all real estate (structural features only) but inclusive of water rights, at not less than $26,400.

STRUCTURAL WORKS.

"In addition to the structural works appurtenant to the above mentioned sources of water supply, the company owns and operates in connection therewith for the aforesaid purposes the following:

"1.—A distributing plant for the conveyance and distribution to the consumers of water, consisting of about 430 miles of pipe lines ranging in diameter from three-quarters of an inch to thirty-seven and one-half inch; also about 4000 meters of varying sizes, from one-half inch to thirty-six inch.

"Also, all necessary stop-gates, fixtures and devices necessary for the regulation, control and operation of the said pipe system. To this pipe system there are connected services to the number of about 18,000, of which more than 16,000 are within the limits of the City of Oakland, and fire hydrants to the number of 546, of which 515 are within the limits of the City of Oakland, at not less than $2,965,000.

"2.—Storage and distributing reservoirs. In addition to the lakes before mentioned, numbering eleven and having a combined storage capacity of about 18,000,000 of gallons. Exclusive of all real estate values (structural features only), at not less than $113,000.

FILTER PLANTS.

"3.—Two mechanical filter and straining plants located one each at Lakes Chabot and Temescal and of sufficient capacity for the filtering of the entire yielding capacity of these lakes, the said filter plants consisting of the mechanical filters and strainers, clear water basins, all necessary fixtures gates, connections, buildings and appliances of every description requisite for the conducting of filtering operations, at not less than $135,785.

"4—Four complete pumping plants for the pumping of water, having an aggregate capacity of about 18,000,000 of gallons per day, at not less than $183,471.

"5.—Large quantities of materials and supplies of all descriptions necessary for the extending of the said system of works from time to time as is necessary in the maintaining of the plant in that condition requisite for supplying a constantly increasing demand for water, at not less than $47,722.

"6.—A complete equipment of tools and appliances of every description, stables, shops, store-houses, office maps, records and furnishings and such other miscellaneous possessions as are requisite for the operation of the plant and the conduct of the company's business, at not less than $65,600.

REALTY HOLDINGS.

"7.—The company's real estate holdings, consisting of properties actually in use, as follows:

"(On information and belief.)

"(a)—Lands in connection with the wells at Alvarado, aggregating 377:54 acres, exclusive of water rights elsewhere herein valued, not less than $37,754.

"(b)—Lands in connection with Lake Temescal, aggregating 69:01 acres, not less than $21,425.

"(c)—Also fifteen tracts in use as sites for distributing reservoirs, pumping plants, material yards, shops, stable, etc., as follows: Lot fronting 200 feet on Webster street, 175 feet on Water street, 100 feet on First street, lot 4, and portion of 3 and 5, in block 'C' of Oakland View Homestead, having a frontage of 100 feet on Orange avenue; lots 18 to 24, in block 'H' of the Weston tract, on the north side of Amethyst street, near Broadway; lot 65x125 on the northeast corner of Twenty-first avenue and East Twenty-third street; lots 4 to 12, inclusive, in block 6, San Antonio, having a frontage of 225 feet on East Twelfth street; the block bounded by Twenty-first avenue, Knox avenue, Twenty-ninth and Thirtieth streets, Highland Park; tract of 135:79 acres lying on the easterly side of Thorn road, near the Judge Gibson property; plot 'C' of mountain lands, comprising 164:17 acres, lying on the westerly side of Thorn road, near the Kohler property; lot at the intersection of Olive avenue and Lake, adjacent to Linda Vista Terrace; lot containing 1:24 acres fronting on Oakland avenue, in the Bowman tract, Piedmont; plot containing 2121 acres, a portion of plot 'A,' mountain lands, used as a reservoir site; lot at the intersection of Broadway and Ocean View avenue, where the pressure-break is situated; several parcels of land in Contra Costa county, near Thorn Hill road, aggregating 219:83 acres, not less than $91,580.

"(d)—Also two tracts having an aggregate acreage of 43:75, held for future use for reservoir purposes in the City of Oakland. Real estate, not less than $60,000, plus expenditures made in partially completing reservoir thereon, $68,736, making total of $1[illegible],736

"(e)—Also many easments for the laying and maintenance of pipe lines across private property, not less than $35,600.

ESTABLISHED BUSINESS.

"8.—An established business. The Contra Costa Water Company being the only institution of any magnitude dispensing water for sale within the corporate limits of Oakland, San Leandro, Emeryville, Fruitvale and contiguous territory, and having service connections with nearly all of the residences in these before mentioned towns and territory. The value of established business is not less than 500,000 The total value of the property is not less than $7,034,564

"9.—All requisite franchises for the conduct of its business of collecting and dispensing water, the said franchises being assessed at the present time at a valuation of $1,000,000."

BASIS OF SEVEN-EIGHTHS.

"Affiant furthers aver that the properties hereinabove enumerated, excepting item 'd' of section '(7)' of company's real estate holdings hereinbefore enumerated, are used by said complainant corporation for supplying the city of Oakland, and its inhabitants, with pure fresh water, and that all of said properties, including item 'd' of section '(7), of company's real estate holdings hereinbefore enumerated are useful and necessary in conducting its said business, and that said properties are reasonably designed and constructed for the purposes intended, and are capable of rendering effective and efficient service to said city of Oakland and its inhabitants, and that the water supply, owned and used by said complainant corporation in supplying said city and its inhabitants with pure fresh water, is ample for the present needs of said city and its inhabitants, and also for a reasonable measure of future growth of said city and its population; and that in the opinion of affiant seven-eighths of the cost of operating said water plant ought to be paid by said city of Oakland, and its inhabitants and the remaining one-eighth by the aforesaid towns of San Leandro and Emeryville, and their inhabitants, and by the aforesaid unincorporated towns of Fruitvale, Elmhurst and Piedmont and their inhabitants, and affiant further avers that, in his opinion, seven-eighths of the aforesaid appraised value of the said water plant properties constitute the reasonable proportion which should be used as a basis of fixing water rates to be paid by the city of Oakland and its inhabitants.

EXCESS VALUES.

"Affiant further avers that in his opinion, the values of the aforesaid Alvarado water rights and privileges, and of the aforesaid Lake Chabot structures and real estate, as a source of water supply, and of the aforesaid element of established business, are in excess of the amounts hereinabove set forth and that in appraising each of said matters and things as hereinabove set forth, said affiant has placed the values of each of said properties and elements of value just hereinabove mentioned at a much lower price than he deems to be its true present market value, because at the present time the revenue which, in the opinion of affiant, can be derived from the sale of water to said city of Oakland and its inhabitants, at rates which are fair and just to the consumer, limits the values of the aforesaid properties for rate-fixing purposes below their true value, and, therefore, also limits the total value of the entire water works property of said complainant corporation.

RATES FAIR.

"Affiant further avers that, in his opinion, based upon his aforesaid knowledge, and based upon his study of statistics of rates charged for water in other cities, the rates established by the ordinance now in force in said city of Oakland are fair and just to the consumers, and that said rates warrant a valuation of the entire property comprehended in the Oakland division of said complainant corporation of not less than $7,034,000, and that, in the opinion of affiant, the value of said properties for rate-fixing purposes should be increased until it reaches its actual and true present value whenever an increase in the population of said city of Oakland results in increased revenue under the present rates.

CHANGED RATES UNWARRANTED.

"Affiant further avers that, in his opinion, based upon his aforesaid knowledge, any rates of charge for water less than those now prevailing under the ordinance which is now in force in said city of Oakland, would be unwarranted, and would be unjust to said Contra Costa Water Company and would amount to confiscation of its property.

"Affiant further avers that the reasonable cost of operating and maintaining said properties may be divided into the following heads Operation, repairs, renewals and abandonment (or frequently referred to as depreciation) In addition to these items should also be mentioned taxation and legal expense.

OPERATION AND REPAIR.

"The expense due to operation, repairs and renewals and abandonments during the past three years have been, according to the company's statements as follows: 1901—Operation, $[illegible]4,623; repairs, $8811; renewals and abandonments, $9137 1902—Operation, $[illegible]8,668; repairs, $9692; renewals and abandonments, $43,789. 1903—Operation, $[illegible]8,809; repairs, $9066; renewals and abandonments, $2750.

"These figures do not include the cost of putting in new services, which cost is carried as a separate expense account, said services being charged to the property owner, and the receipts treated as a source of revenue.

"It will be seen that the expense for operation and repairs is quite uniform, and the sum of $118,000 to $120,000 will probably be sufficient to cover these items during the year 1904.

VARIABLE FIGURES.

"It will be observed, however, that the expense for covering renewals and abandonments is an exceedingly variable item. It having amounted in 1903 to but $2750, whereas in the preceding year it amounted to nearly $44,000. If the actual cost of making necessary renewals and refunding the investments in such structures as are abandoned, were allowed each year in the fixing of rates, it is evidence that such a course would perpetually maintain the plant in a serviceable condition and therefore protect the investor in such structures against loss from depreciation. It is also evident that so long as the property is thus safeguarded and maintained in a serviceable condition, it suffers no loss on account of depreciation and no such charge should ever be made against its other wise value for rate-fixing purposes.

NECESSARY RENEWALS.

"It is also evident, however, that instead of providing each year from the rates the revenue necessary for covering the estimated renewals and abandonments for that year, it is not only expedient, but necessary, that these items of expense should be equalized by allowing annually as nearly as may be a uniform amount which, with interest accumulations, will, at all times, be sufficient to make necessary renewals and pay for abandonments. The very grave objection in practice to the policy of providing each year the revenue necessary to meet these sources of expense during the succeeding year is that while during some years—as in 1903—there may be virtually no expense arising from these causes, in other years when it becomes necessary to renew important structures, such as the large riveted pipe lines leading from the principal sources of supply, so large an amount of revenue would have to be raised as to make the water rates prohibitory, or impossible of collection, in which event the water company would be a serious loser and the ratepayers of that year suffer from a burden that should have been in part borne by those of other years.

UNIFORM EXPENSE.

"By the establishment of a fund for this purpose, this fluctuating source of expense, so far as it effects the water rates, may be made nearly, if not quite, uniform from year to year. Affiant estimates that the contribution to such a fund, which should annually be provided in the rates in the case of the property in question, should be at this time about $75,000. Exclusive therefore of taxation, any unusual legal expense, and interest upon the value of the property, the rates should provide. For operation and repairs not less than $[illegible]8,000; for contribution to depreciation fund not less than $75,000, for service construction not less than $6000.

"Affiant further avers that the above figures are in every way reasonable and indicate a cost of conducting the plant that compares very favorably with the usual cost of conducting such properties elsewhere.

FITZGERALD'S FIGURES.

"That affiant is familiar with the appraisement made by Desmond Fitzgerald of certain properties belonging to the Contra Costa Water Company, and used by it for supplying the city of Oakland and its inhabitants with water, and that said appraisement bears date June 3, 1903, and that in order to understand said appraisement, it is necessary to refer to the character of the instructions which were given to Desmond Fitzgerald by Hon Warren Olney, the Mayor of said city of Oakland, and under which instructions said report of said Fitzgerald was prepared.

FITZGERALD'S OMISSIONS.

"In making his appraisement Desmond Fitzgerald has omitted therefrom the following properties belonging to said Contra Costa Water Company, and actually used and necessary for supplying water to said city of Oakland and its inhabitants:

"(a) The Temescal reservoir.

"(b) The Temescal filter plant.

"(c) The entire Piedmont system of tunnels, reservoirs and pipe-lines.

"(d) The Sausal Creek system, including reservoir and pipe-lines.

"(e) All water rights owned by the company in conjunction with the Temescal reservoir and Sausal Creek.

"(f) The large pipe lines connecting the Temescal reservoir and filter plant with the distributing system.

"(g) The Broadway pressure break.

"(h) All tools and appliances, stock on hands, office records, maps and furnishings.

"(i) All real estate of every description and character, rights of way and land damages.

"(j) The value of the water and water rights in connection with the company's principal sources of supply at Lake Chabot and at Alvarado.

"(k) He has allowed nothing for the company's franchises, nor for the fact that the company is a 'going concern,' having an established business amply sufficient under reasonable rates of charge to afford a return on this element of value

"(l) In addition to the above omissions, he has, in estimating the value of the distributing system, arbitrarily rejected all pipe less than two inches in diameter and has also arbitrarily rejected one-half of all 2-inch pipe.

COST OF INCIDENTALS

"Mr. Fitzgerald has also failed to allow anything in his estimates of cost or value for incidentals, superintendence and engineering, general administration and interest on capital invested during construction.

"The above statements, so far as they relate to his exclusion of water rights, franchises, and the elements of established business, affiant gives on information and belief.

REPORT LACKS DETAIL.

"Concerning Mr Fitzgerald's report as a whole, inasmuch as, excluding his instructions, it is all compassed within the brief limit of little more than one page of the ordinary type-written legal sheet. It is so general in character, so wholly lacking in detailed information as to convey in itself no idea whatever as to just how he has reached the few large sums of money which he sets forth as the result of his examination

WATER NEEDED.

"Affiant further avers that the amount of water which it is necessary to supply said city of Oakland and its inhabitants is between ten million and eleven million gallons per day, and that the minimum capacity of said complainant's water works properties used in supplying said city of Oakland and its inhabitants with water is at least 13¾ millions of gallons per day during years of draught; and that said Contra Costa Water Company maintains in its said Lake Chabot reservoir system a supply sufficient for a practical delivery of 8 million gallons of water per day at all times, including periods of drought, and that said corporation pumps, when necessary, from its aforesaid Alvarado wells an average of 5 million gallons per day; and the storage capacity of said Lake Chabot reservoir is equivalent to about two years' drought, exclusive of any inflow during such period.

SUBSTITUTIONAL SYSTEMS.

"Affiant is informed and believes, and therefore avers, that a special committee of the present Council of the city of Oakland submitted to said Council, a report under date of January 8, 1904, wherein it was estimated by said committee, with the aid of said Desmond Fitzgerald and other engineers, and with the aid of a proposition from the Bay Cities Water Company that the cost of a substitute system of water works for said city of Oakland and its inhabitants having an estimated yielding capacity of 11,350,000 gallons per day, would cost the sum of $6,000,000, or at the rate of $529,000 per million gallons of daily supply; and the report of said committee is to the effect that the title to the aforesaid water supply of the substitutional system of water works is badly clouded.

COMPARATIVE VALUES.

"Affiant further avers that, at the aforesaid rate of $529,000 per million gallons of daily supply, the Oakland division of the Contra Costa Water Company is of the value of $7,274,000.

"Affiant is informed and believes, and therefore avers, that investigations were made by the city and county of San Francisco, through its duly authorized officers and employes during the past few years, to determine the most feasible source of water supply for said city and county separate and apart from the works and properties of the Spring Valley Water Company; and that said investigations have covered practically all large sources of water supplied in the central part of the State of California, and have required a great deal of study, and that the final results of these investigations are set forth by former City Engineer C. E Grunsky, in a report to the Board of Public Works as said city and county of San Francisco, under date July 28, 1902, and that said C. E. Grunsky is now a member of the Panama Canal Commission; and that in his said report Mr. Grunsky recommends the Tuolumne reservoir as the best source of supply, and estimates the construction cost for a plant having a maximum capacity of 60 million gallons per day, at $39,531,000, exclusive of interest during the six years which he estimates would be required to complete it; and that if 4 per cent interest is added to an average investment during said six years, of $20,000,000, to cover said item, it will make the estimated cost for 60 million gallons per day, or less, of $44,330,000, or at the rate of about $740,000 per million gallons daily supply; and that on this basis of substitutional value, the water works of said Contra Costa Water Company, which constitutes the Oakland division, are of the value of $10,170,000.

FLOODED LANDS.

"Affiant is informed and believes, and therefore avers, that said C. E. Grunsky, as the official engineer of said city and county of San Francisco, made and filed a report on February 23, 1901, with the Board of Public Works of said city and county, of which Colonel George H. Mendell was then the chairman, and which said report was approved by said Board of Public Works; and that said last mentioned report places a value of $50 per acre upon all lands affording flood water run off into storage reservoirs, and $1250 per acre upon all reservoir lands, that is, upon all lands lying in reservoir basins below high water mark; and that to these land values is added, in said report, the value of the structural features and riparian water rights in determining the total value of the reservoir property; and that this value of flooded lands is based upon prices actually paid in condemnation proceedings as far back as the year 1886.

"Affiant further avers that by applying this method of appraisement to the Lake Chabot property of said Contra Costa Water Company, the following result is obtained, to-wit: Appraisement of E. P. Vandercook of water shed as real estate separate and apart from any special value it may have because of its relation to the lake, 5100 acres at $50, $225,000.

"Appraisement of submerged land on same basis as is used by C. E. Grunsky, City Engineer of San Francisco, 400 acres at $1250, $500,000.

"Estimated cost of structural features made January 1, 1900 by Arthur L. Adams $1,045,997

"Estimated value of riparian water rights on San Leandro Creek between the said reservoir and San Francisco bay (by Arthur L. Adams), not less than $50,000, making a total value of $1,820,997.

"Thus making a total value of $125,000 more than the amount at which affiant has herein appraised said Lake Chabot property.

"Subscribed and sworn to before me, this 6th day of June, 1904.

"ARTHUR L. ADAMS.

(Seal) "CUDA DE JALDO,

"Notary Public in and for the city and county of San Francisco, State of California."

OTHER AFFIDAVITS.

Mr. Adams' affidavit was followed by those of Civil Engineer George La Fleche, William Alvord president of the Bank of California; George W. Kline, cashier of the Crocker Woolworth National Bank; I. W. Hellmann president of the Nevada National Bank, Jacob Barth, financial agent, fourteen years in the business, Charles Sutro, with fifteen years' experience; R. McK Duperu and Harry St Gear.

SEVEN PER CENT REVENUE.

All these financial men swore that a quasi-public corporation, such as the Contra Costa Water Company, could not be prosperous or secure money to carry out an enterprise of the kind unless it could guarantee a return of 7 per cent upon the investment.

BANKER'S EXPERIENCE.

The affidavit of Banker Alvord will rapidly show the views of the other bankers on the subject and is as follows:

"William Alvord, being first duly sworn, deposes and says That he is president of the Bank of California, a banking corporation organized under the laws of the State of California and doing business in said city and county of San Francisco; that he is and for the last twenty-six years has been engaged in the banking business, that he is and for the last twenty-six years has been familiar with the income yielded by investments of large amounts of capital on the Pacific Coast; that the usual and customary net income from investments of capital in quasi-public or industrial corporations, where they are judiciously managed, is not less than 7 to 10 per cent per annum.

"That, in the opinion of affiant, based upon his knowledge of financial conditions on the Pacific Coast, a net income of less than seven per cent per annum on an investment of ten million dollars and upwards in a quasi-public corporation on said coast would not be reasonable or fair return upon the investment, and that capital could not be obtained for the business of such a corporation unless the owners of such capital could be reasonably sure that the investment would produce at least 7 to 10 per cent per annum net

"WILLIAM ALVORD."

BARTH ON INCOME.

Jacob Barth makes affidavit that in fourteen years' experience as a bond broker, he has known that the income from judiciously managed investments of capital is not less than 7 per cent per annum.

EFFECT OF COUNSEL'S DECLARATION.

He continues as follows:

"That, in the opinion of affiant, based upon his knowledge of financial conditions in said city and county of San Francisco and in said State, and, generally, on the Pacific Coast, and based also upon his said experience, a net income of less than seven per cent per annum, upon an investment of five million dollars and upwards in a quasi-public or public utility corporation in the city of Oakland, county of Alameda, and in said State, and, generally, on the Pacific Coast, would not be a reasonable or fair return upon the investments as made by such corporation in acquiring or constructing its properties for such quasi-public purposes, and that capital could not be obtained to be put in and be invested in such investments for acquiring or constructing such properties unless the owners of such capital could be reasonably sure that such investment would produce at least seven per cent per annum

STOCK AFFECTED BY COUNCIL CUT.

"That, in the opinion of affiant based on his knowledge and experience as such broker, the present selling price of the capital stock of the complainant capitalized at $5,762,690.00, to-wit: bid $35.00, asked $40.00 (with slight variations at times), is caused by the attempted cut in water rates this year by the Council of the city of Oakland and by the declarations made by the present Mayor and members of the Council of the city of Oakland during the campaign, which resulted in their election in March, 1904, that they would favor the purchase of water works by the city of Oakland and that they would not favor the purchase of the plant of the Contra Costa Water Company at any price in excess of four million dollars, and that they would reduce materially the water rates then being collected by the Contra Costa Water Company; and that such price is based upon such facts and not upon the values of the properties of complainant in use in supplying water to said city of Oakland and its inhabitants, because when rates have been in vogue allowing dividends of six per cent, or even somewhat less, upon stock of the Contra Costa Water Company and no more properties in use, the stock of said Contra Costa Water Company sold at from seventy-two to eighty-three dollars per share, and at an average price of about seventy-five dollars per share."

"JACOB BARTH"

The court then adjourned until this morning

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SOME CLEVER DESIGNS

Crown Flour Ads Have Caused Comment.

The little Dutch baker boy that has graced so many bill-boards and dailies throughout the State is the work of Mr. Frank J. Cooper the well known advertising specialist of San Francisco.

This design has become quite famous throughout the Pacific Coast and shares honors with the smiling countenance of Sunny Jim, with many points in the Baker boy's favor.

The Crown Flour ads will be observed in THE TRIBUNE and it is safe to predict an increase on the extensive sales now enjoyed in this city.
